FIT-OUT AND INTERIORS

INTERIORS FITOUT .DESIGN& BUILD. JOINERY

# Overview

Our journey began in 2020, in the vibrant and ever-evolving city of Dubai, UAE — a place where innovation meets opportunity, and design is a part of everyday life. Out of a passion for transforming spaces and a vision to bring refined craftsmanship to modern interiors, MoveFitOut Interiors was born.

From the beginning, our mission has been clear: to create interiors that are not only beautiful, but also functional, timeless, and tailored to the needs of each client. We entered the market with a commitment to raise the bar in the interior fit-out industry — delivering end-to-end solutions with precision, transparency, and a deep understanding of design and detail.

Within a short span, we have built a reputation for quality and reliability across both residential and commercial projects. Our work reflects a blend of creative thinking, technical expertise, and a deep respect for client vision and timelines. Whether it's a single-room makeover or a full-scale office fit-out, we approach each project with the same energy, dedication, and pursuit of excellence.

As the Managing Director, my goal is to lead with purpose — ensuring every team member, every material, and every decision contributes to a final result that exceeds expectations. At Move Fit Out Interiors, we believe that great spaces have the power to inspire, and we take pride in turning ideas into environments that reflect our clients' values and aspirations.

Built in Dubai. Inspired by ambition. Driven by design.

Move Fit Out Interiors – Where vision meets craftsmanship.

# GROUP OPERATIONS

Established in 2020 in Dubai, UAE, MoveFitOut Interiors was founded with a clear vision: to deliver high-

quality, end-to-end interior solutions that merge design excellence with technical precision. In a region known for its rapid growth and architectural ambition, we have positioned ourselves as a trusted partner for clients seeking efficiency, creativity, and uncompromising quality.

We specialize in Interior Design, Turnkey Fit-Out Projects, and complete MEP (Mechanical, Electrical, and Plumbing) services, providing a comprehensive solution under one roof. Whether it's a commercial space, office hospitality venue, or residential property, we handle every stage of the project — from concept to completion — with meticulous attention to detail and client satisfaction at the forefront.

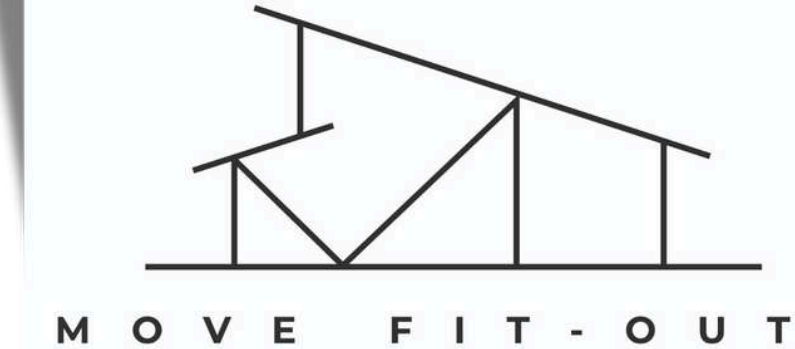

One of our key strengths lies in our ability to deliver custom joinery solutions through our exclusive partnership with Top Prestige Technical, a leading name in high-end joinery. This gives us a unique advantage in producing bespoke furniture, cabinetry, and interior finishes to the highest standards — with shorter lead times and full quality control.

Our access to in-house manufacturing, material sourcing, and hardware supply streamlines the project lifecycle, eliminating outsourcing delays and reducing costs. Clients benefit from greater transparency, faster execution, and tailored solutions that meet both aesthetic and functional requirements.

In addition to serving the UAE market, Move Fit Out Interiors has extended its capabilities to regional markets including the Kingdom of Saudi Arabia and parts of Africa, bringing our commitment to design, craftsmanship, and reliability to an international stage.

At Move Fit Out Interiors, we believe that the best spaces are those that are thoughtfully designed, skillfully built, and timeless in appeal.

# OUR STORY

MoveFitOutInteriors is a specialist interior fit-out company established in 2020 in Dubai. Operating over the years as a trusted fit-out partner for various contractors, consultants, and developers,

Move continuously strives to exceed our customer's needs and expectations by delivering quality interiors, within budget and on time. We believe that collaboration with our clients establishes a sense of trust and transparency which leads to the lasting relationships and repeat business which we have enjoyed over the years. We believe in earning trust through reliability in our promise, quality of our product, and consistently high standards in project delivery.

Having a state-of-the-art woodworking factory in Al Quoz 2, as well as in-house capability for the majority of fit-out trades, gives Move Fit Out Interiors an advantage in the market to differentiate ourselves from others. Our experienced management team continuously seeks improvement in the efficiency and effectiveness of all our operations. Innovation is a fundamental principle at Move Fit Out Interiors, and we constantly search for new and innovative methods to deliver our projects.

**With both a manufacturing facility and a dedicated in-house design and project team, Move Fit Out Interiors is the partner of choice where performance and quality are guaranteed.**

# MISSION & VISION

Our mission is centered around collaboration and communication. We believe that the key to a successful project is to establish a strong working relationship with our clients, based on trust, transparency, and open communication. We listen carefully to our clients' needs, preferences, and concerns, and we keep them involved in every stage of the process, from approvals to final touches.

## VISION

### Expertise from Tradition

Interior Architecture - Design & Build  
MOVE Design is a leading provider of  
complete interior solutions in the UAE

# TURNKEY FITOUT DESIGN & BUILD

- **Hospitality**
- **Commercial**
- **Residential**

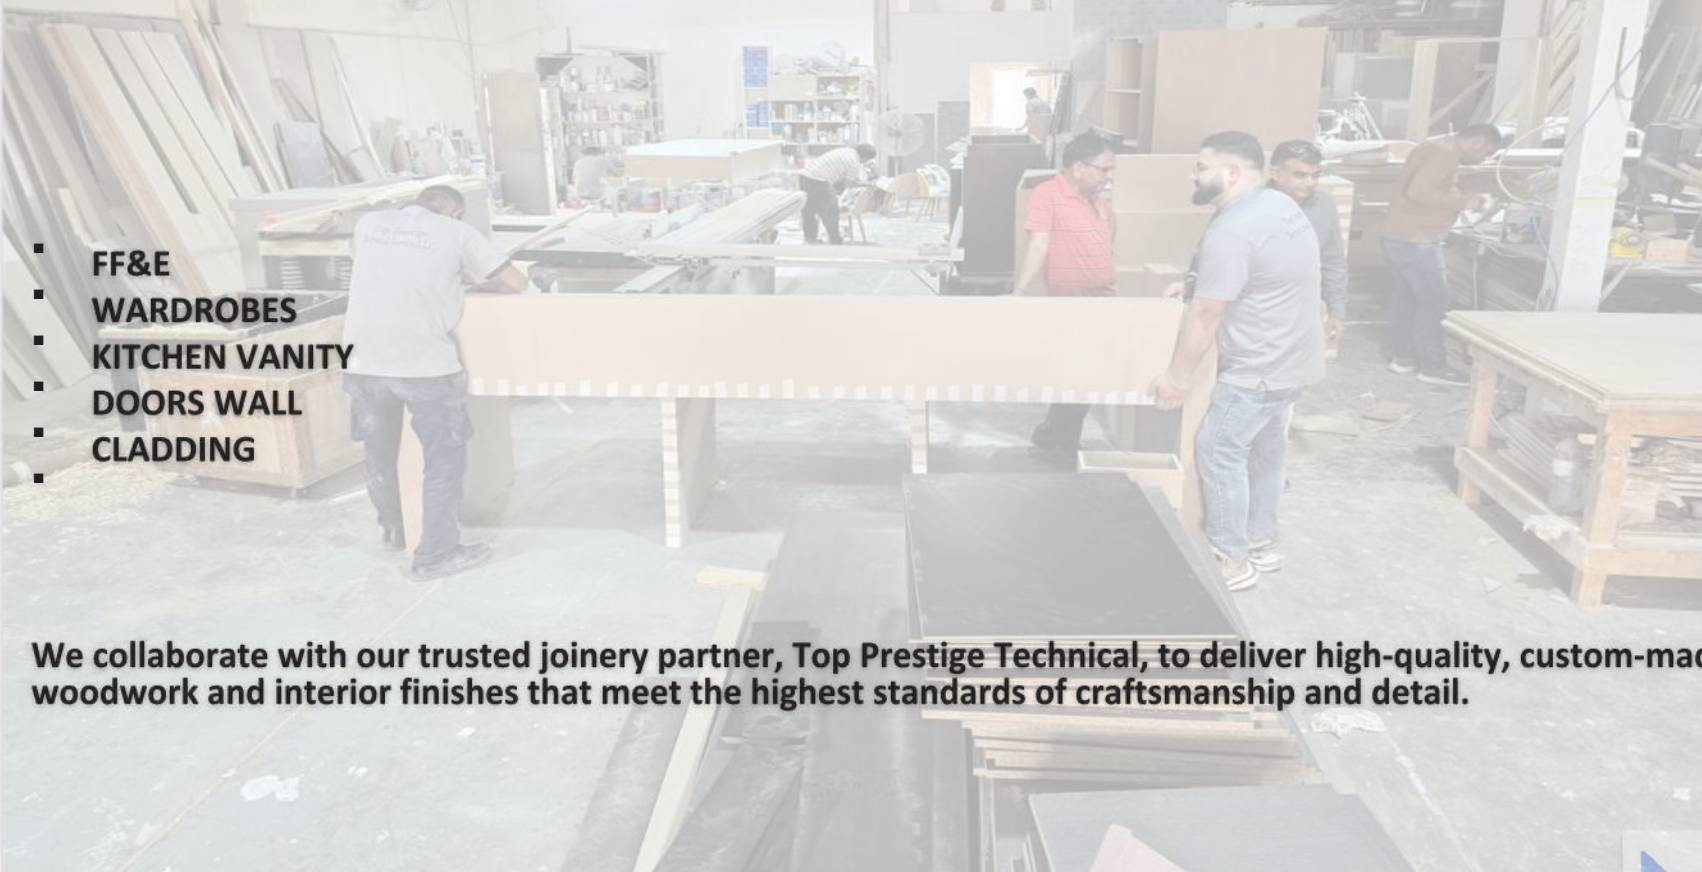

The design and build model at Move Fit Out Interiors fulfills the client's need for a single point of responsibility, helping to reduce risk and control overall project cost.

Comprised of professionals from both design and construction backgrounds, our interdisciplinary teams work collaboratively through agile management and implementation processes, where design vision and construction expertise are seamlessly integrated.

# FACTORY

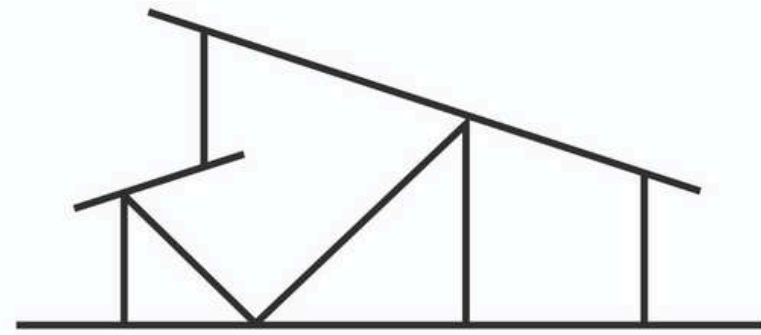

At MoveFit-OutInteriors, we work closely with our joinery partner, Top Prestige Technical, enabling us to provide customized, high-quality furniture and joinery solutions to our clients.

Our partner's manufacturing facility, equipped with state-of-the-art machinery and spanning over 1500 square meters, is one of the most advanced and efficient in the region, ensuring precision and superior craftsmanship in every project.

# JOINERY & FURNITURES

With one of the finest joinery, carpentry and furniture manufacturing facilities spread over an area of 1500 sqm, our factory is equipped with a comprehensive range of state-of-the-art machinery, making it one of the most efficient facilities of this type in the region.

# HSE POLICY

## SOME OF OUR HSE COMMITMENTS AND ACTIONS INCLUDE:

- Train & manage all subcontractors & suppliers activities in line with our HSE policy. Implement reliable & effective measures to eliminate any risk of injuries or property damage. Implement strategies to reduce pollution & hazardous waste.
- Customer commitment like (Meeting & exceeding customer satisfaction requirements) is missing.
- To develop and maintain a dedicated, motivated, capable, and proactive workforce.
- Correct use & maintenance of state of the art tools and machinery.
- Conduct regular weekly on site safety meetings. Adequate assignment of personnel based on the size & difficulty level of the task to be carried out.
- Establish policies that instruct & guide employees on resolving emergencies & crises.
- Regularly review, modify & improve system, controls, processes & technology in order to maintain HSE integrity & reliability. Communicate the policy via HSE Management System that aims to define & delegate HSE responsibilities throughout the organization.

Our HSE policy ensures a safe and healthy workplace for all Move Fit Out Interiors employees.

# QUALITY ASSURANCE

## THE PURPOSE OF OUR QUALITY MANUAL IS TO ENSURE WE ACHIEVE OUR OBJECTIVES BY:

- Designing & delivering projects that are defect free, on time & on budget.
- Maintaining personal contact with our Client & actively involving them throughout the duration of the project. Developing mutually beneficial relationships with clients, sub-contractors & suppliers. Monitoring & reviewing our performance to identify & implement continual improvements to our quality management system & related processes.
- Learning from experience, adapting risk base thinking to avoid any prior challenges in achieving objectives. Emphasized more on leadership commitment & competence of employees to support process operation to achieve conformity of operations & Services (output). Continual improving suitability, adequacy & effectiveness of QHSE practices & Policy with business strategy.
