## Tanks

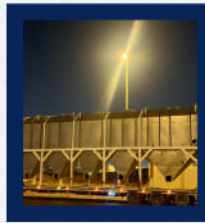

Design and Fabrication of carbon steel, mild steel and stainless steel tanks in accordance with API 620, API 650, API 653 & AWWA D100 standards. The tanks we manufacture serve oil terminals, chemical plants, and industrial facilities that require long-lasting and secure storage.

Category	Capacity
Single / Double Wall Tank	33m <sup>3</sup> to 500m <sup>3</sup>
Settling Tank	20,000L to 35,000L
Bunded Fuel tank	500L to 10,000L
Belly Tanks for Generator	1,000L to 15,000L

Opus Steel  
Construction LLC

## Frames & Skid Package

Frames and Skids Design and Fabrication: At Opus, our fabrication services extend beyond the ordinary, offering custom-engineered solutions like equipment frames, skid packages including tank skids, generator skid with belly tank and chiller skid.

Our engineering and design expertise coupled with manufacturing capabilities empower us to deliver superior-quality products crafted to your specific requirements.

Opus Steel  
Construction LLC

## Genset Enclosures

Design and Fabrication of Genset Enclosures: Generator enclosures are manufactured from standard 30-foot and 40-foot shipping container frames. These large-scale enclosures are used for high-power gensets, especially in demanding or noise-sensitive environments.

Opus Steel  
Construction LLC

## Process & Lifting Equipment

Design and Fabrication of Process Equipment such as Industrial cyclone separator, special reducers and flanges in accordance with ASME Sec VIII Div. I, Div. II, PD5500 standards.

Design and manufacture spreader beams built for the heavy lifting operations.

Opus Steel  
Construction LLC

## Steel Structure

Design, Fabrication and installation of:

- Roof, entrance Canopies.
- MS and SS handrail, sliding door, boundary wall, fence supply and ladders, industrial shed, decking Sheet, sandwich panel, side cladding, flushing, and gutters.
- Sign boards
