## “CEO INSIGHTS”

Founded by Mr. Aftab Ahmed in 2017, Sadaf Al Bahar Technical Services LLC has been entrenched to design, supply, install, and maintain the widest possible range of active ElectroMechanical and Industrial tools for public and private sectors in the UAE.

Started with one-man army and inspired by the CEO vision. Today, it is composed strong-willed Technicians and high professional Engineers, bringing quality works to all valuable clients, with good quality service, competitive price range and Six months up to One year standard warranty and on call 24/7 emergency services are the top secret business success for Eight consecutive years.

With the right formula and through Mr. Aftab Ahmed total 15 years of Electromechanical experience, he finally established his own business empire. An optimistic CEO & Entrepreneur eager to succeed more in life. Again, he founded another One business that added sales & ROI to his empire, one of the most reliable source of quality, in-stock public safety equipment and apparel.

Currently, Sadaf Al Bahar Technical Services LLC is recognized for their expertise, the first choice of customers in the UAE region. Who demands the quality technical service and we are proud to provide sales and services of most major brands of high quality safety equipment including fire alarm system, fire pump system, fire extinguishers, CO2 testing and recharging, as well as DOT Hydrostatic Testing of all brands of breathing air, CO2, Oxygen, Paintball Cylinders. Also, our service includes compressor & fill station service to maintain breathing air compliance.

To provide quality fire safety engineering services & to support efficiently towards the standard requirement of our Clients.

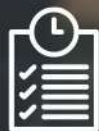

MISSION

COMMITMENT

VISION

Our vision is to be a trusted leader in fire safety services wherever we exist

We are dedicated for supporting, solving the challenges, and on call "Always by your side 24/7".

- SR-WO3BHC-DC:** Network water leakage detector

## Main features:

- Rust-proof metal probe, long service life
- Sound and flash alarm
- Low power consumption design
- Test and hush button
- Low battery warning
- MCU processing, resist false alarm efficiently
- SMT manufacture technology, good stability

## KEY SERVICES

Providing all Types of Design, Supply, Engineering, Installation, Testing, Commissioning and Maintenance services across various industries including local authorities, educational authorities, hotels, industrial sites and many more commercial applications.

- Specialist all fire pumps installation and maintenance.
- Electric diesel pumps control panel installation & maintenance.
- Water pumps installation and maintenance
- Firefighting & fire suppression system installation.
- Fire alarm & emergency exit lights
- CCTV installation and maintenance
- Diesel generator servicing.
- MEP work Installation & Maintenance.

## OUR EXPERTISE

We have a handpicked team of qualified, experienced engineers and technicians for taking care of fire safety installations, maintenance and related projects. The team for installation works is headed by a professional team & site engineer. With a thorough understanding of FM 200 System, Fire Alarm and Fire Fighting Systems, our professionals are well conversant with relevant standards and Civil Defense Requirements.

## QUALITY ASSURANCE

For the clients peace of mind, all the equipment and devices we supply are warranted against manufacturing and workmanship defects for a certain period of months starting from the date of supply. Moreover, we guarantee the availability of spare parts also. We have hired some of the best talents and experts in the industry who possess immense experience and expertise within the industry

## 360 SOLUTIONS

As well as advising, designing and selling fire equipment. Sadaf Albahar Technical Services offers a full installation, commissioning and testing service. Since fire safety equipment is, in the main, installed for the protection of life, it is vital that it be maintained. The plan focuses on implementing advanced technologies, improving services and resiliency during emergency events. We have been paving innovative ways in the firefighting and safety industry for over the years and has always strived to achieve the best results.

# Who We Are

## Providing affordable and reliable technology

Sadaf Albahar Technical Services is your reliable source for quality, in-stock public safety equipment and apparel. Like you, we're quick, efficient, and effective.

We're No.1 Technical Service Provider

Competitive Prices

Responsive Service

Fast Deliveries

## Why Choose Us

### Offering Our Best

The team for installation works is headed by a professional team is headed by the Site Engineer. With a thorough understanding of FM 200 System, Fire Alarm and Fire Fighting Systems, our professionals are well conversant with relevant standards and Civil Defense Requirements.
