INTRODUCTION

Safe Technical Trading of Mechanical Equipment LLC (STTME) is an Abu Dhabi based company catering to the needs of the **Electro Mechanical Services and Equipment** in the construction industry. STTME's policy is to provide best service at reasonable price, deliver in time and ensure client satisfaction. We are a company that supports full technical backup for our all products. Company has a team of qualified engineers and supporting staff who are fully trained and works in completely professional way to provide total solutions for all clients' requirements, especially related with mechanical equipment's & services.

Our comprehensive technical service and product range make us a 'one stop' source for all Plumbing and building services related mechanical equipment.

Our technical Sales Engineers offers timely quotations together with advice & service for all our products.

Safe Technical Trading of Mechanical Equipment LLC (STTME) represents various quality products, services and solution of different MEP systems by having associations with many internationally reputed companies and consultants in different sectors of construction. Apart from many other products our major specialization is in providing complete solution of **Domestic Plumbing pumps for water transfer and booster application, pressurization units, chilled water pumps, fuel pumps, drainage & sewage pumps, Energy Management systems & CHW & FF Steel Pipes.**

Specialist in:

All Kinds of Domestic Water Transfer, Booster & Irrigation Pumps, Chilled Water Pumps, Drainage & Sewage Pumps, BG Wiring Accessories, Energy system & Generator, Filtration Systems, Fire Fighting & HVAC Pipes

E-mail: info@safetechpumps.com, safetechnicaluae@gmail.com

TRN NO: 100337205700003

SAFE TECHNICAL TRADING OF MECHANICAL EQUIPMENT LLC

P. O. Box: 92594, Abu Dhabi, UAE, Phone: 02-5553303, Fax: 02-5553323

MISSION

We exist as a professional services corporation to provide our clients with the highest quality services in mechanical equipment's supply and engineering services, always on time, professionally, and at reasonable cost.

VISION

We aim to be a company that best understands the products, provides best services and solutions of the growing needs in MEP sector.

Specialist in:

All Kinds of Domestic Water Transfer, Booster & Irrigation Pumps, Chilled Water Pumps, Drainage & Sewage Pumps, BG Wiring Accessories, Energy system & Generator, Filtration Systems, Fire Fighting & HVAC Pipes

E-mail: info@safetechpumps.com, safetechnicaluae@gmail.com

OUR DIVISIONS AND ACTIVITIES

Making best quality & for trouble free operation of pumping systems, Safe Technical work very hard to get their Mechanical & Electrical staff trained and experienced in the MEP segment. Our electrical & mechanical divisions are capable and delivering best quality pump sets and electrical control panel. Our in-house electrical control panel division makes all kinds of control panel like VFD control, PLC operated, chiller panels etc.

Also, for Irrigation systems, our technical team provides complete solution of full irrigation system including zoning, networking of system and programming of Irrigation controller.

We also provide flow & head loss calculations required for proper selection of pumps.

Specialist in:

All Kinds of Domestic Water Transfer, Booster & Irrigation Pumps, Chilled Water Pumps, Drainage & Sewage Pumps, BG Wiring Accessories, Energy system & Generator, Filtration Systems, Fire Fighting & HVAC Pipes

E-mail: info@safetechpumps.com, safetechnicaluae@gmail.com

OUR PRODUCT RANGE

- ❖ All kind of domestic water pumps like
 - A). Water Transfer Pump Set
 - B). Water Booster Pump Set
 - C). Water Irrigation Pump Set
 - D). Cold & Hot Water Circulation Pump Set
 - E). Pressurization Units
 - F). Chilled Water Pumps
 - G). Car Wash Pump Set
 - H). Deep Well Submersible pumps
 - I). Drainage & Sewage Pumps
 - J). Water Filtration Pump set
- ❖ Fuel Transfer Pumps
- ❖ Pressure & Expansion Vessels

Specialist in:

All Kinds of Domestic Water Transfer, Booster & Irrigation Pumps, Chilled Water Pumps, Drainage & Sewage Pumps, BG Wiring Accessories, Energy system & Generator, Filtration Systems, Fire Fighting & HVAC Pipes

E-mail: info@safetechpumps.com, safetechnicaluae@gmail.com

Packaged Water Pumps Sets:

STTME represents complete range of domestic & industrial pumps for various client's requirements. We have in house facility of packaging pump sets and making electric control panels.

STTME is specialized in providing **Packaged Pump sets** which gives best solution of domestic and industrial water supply.

Our packaged pump sets are manufactured to suit different requirements of flow and pressure. Pumps can be coupled in duplex or triples as per demand complete with pressure vessel, pressure switch, float switch, pressure gauges, control panel, valves & fittings all mounted on a common skid and ready for the connection with main water supply or existing water network.

We do packaging of **Water Transfer Pump Set, Water Booster Pump Set, Water Circulation Pump Sets, Irrigation Pump Set, Hot & Cold Water Circulation Pump Sets, Single Booster Assemblies** etc with reputed makes like **Grundfos, Pedrollo, Lowara, Davey, Ebara, Shakti, Rovatti, Stanflo** etc.

Specialist in:

All Kinds of Domestic Water Transfer, Booster & Irrigation Pumps, Chilled Water Pumps, Drainage & Sewage Pumps, BG Wiring Accessories, Energy system & Generator, Filtration Systems, Fire Fighting & HVAC Pipes

E-mail: info@safetechpumps.com, safetechnicaluae@gmail.com

The design of our pump sets is also based upon the physical site requirements and building type/diversity to give the very best value engineering solution.

We also provide complete technical guidance & assistance for all kind of pumps, pressure vessels, and control panels including their selections, operations, trouble shooting and interfacing with other systems like BMS.

Chilled Water Pumps:

STTME supply full range of chilled water pumps for industrial cooling systems with high reliability, accuracy and precision. Our range covers closed coupled horizontal end suction pumps, long coupled horizontal end suction pumps and Horizontal & Vertical split case pumps.

Specialist in:

All Kinds of Domestic Water Transfer, Booster & Irrigation Pumps, Chilled Water Pumps, Drainage & Sewage Pumps, BG Wiring Accessories, Energy system & Generator, Filtration Systems, Fire Fighting & HVAC Pipes

E-mail: info@safetechpumps.com, safetechnicaluae@gmail.com

Drainage & Sewage Pumps:

For drain of storm water, rain water and grey water from the drain pits as well as handling of effluents and domestic sewage from sewage pits, we have strong and wide range of drainage and sewage pumps. Sewage pumps are also available with cutter or grinder which works very effectively in removing solid objects like diapers, cloths or plastic etc. Our ranges of Drainage pumps are also very effective in removing excess water from flood prone areas.

Submersible Pumps:

Made up of corrosion resistant stainless steel, STME has submersible pumps which are highly efficient and reliable source for wide range of applications like water supply, irrigation, fountains, dewatering etc. Our product range also covers various industrial applications.

Specialist in:

All Kinds of Domestic Water Transfer, Booster & Irrigation Pumps, Chilled Water Pumps, Drainage & Sewage Pumps, BG Wiring Accessories, Energy system & Generator, Filtration Systems, Fire Fighting & HVAC Pipes

QUALITY POLICY

Policy of Safe Technical Trading is to provide consistent level of product performance and best service that meets or exceeds the quality requirements of the customer including statutory and regulatory requirements.

Safe Technical Trading follows the underwritten values ensuring the safety of operations, health of the staff and the respect for the environment. Safe Technical Trading shall strive continuously to improve the Quality Performances by committing to:

1. Enhanced Customer Satisfaction, by meeting the explicit and implicit needs of the customer.
2. Identify and control the process and products effectively.
3. Monitor and maintain interests of clients, regulatory bodies, customers, suppliers, neighboring organizations, society at large etc., financially, morally and responsibly, thus contributing positively to the image of the group.
4. Monitor and control the costs at all time, whilst continually improving the quality of products, processes and services.
5. Monitor and control efficient Human Resource requirements and its satisfaction by promoting training, development, creativity and innovation, empowerment as well as motivation of people.
6. Ensure the asset integrity and management, abiding by the policy of durable development.
7. Monitor, Measure and analyze the performance of the system.
8. Minimize the number of defects/complains.
