**ABOUT
SAGAR**

ABOUT **SAGAR**

Founded in 2015, Sagar Group began its journey as a retail furniture supplier and installer company. Our vision is to provide the retail industry with the latest trends in equipment and shop store fixtures. Over the years, Sagar has evolved into a comprehensive service provider for all furniture needs of retailers and store equipment.

With a track record of successfully furnishing over 5.2 million square feet of projects in the Gulf Countries and India, Sagar has become a trusted name in the industry. We take pride in our ability to deliver professional turnkey solutions to retailers, adopting a distinctive and upbeat attitude towards the retail industry.

Sagar Group operates through its offices in the United Arab Emirates, Kingdom Of Bahrain, Sultanate Of Oman and Republic of India. We have the capability to handle projects of any size in all types of retail outlets and warehouse stores. Our experienced team is equipped to design, procure, install, and service a wide range of retail furniture/equipment and warehouse racking solutions.

At Sagar, we believe in establishing firm and trustful relations with our global manufacturers. We stay up-to-date with the industry through continuous training and research and development efforts. Our commitment is to focus on flawless retail operations and maximize profitability for our clients

We achieve this by taking extra care from the store design phase, ensuring the introduction of environment-friendly and energy-efficient equipment into each and every project. The highlight of Sagar is our team of professional and highly experienced officials who have a deep understanding of the same line of business and the market.

At Sagar, we guarantee that our clients will enjoy a design appropriate to their retail and store space, furnished with the right products and services. Our strategy aims to create modern designs that maximize customer attraction, ultimately boosting our clients' sales and revenue growth.

**WHAT
WE DO**

WHAT WE DO

We provide turnkey solutions for all retailers, from business planning and budgeting all the way to the last step of execution and service. Each of our subsidiaries were created to focus on providing professional care for each step of building a retail business. Moreover, along the way we have partnered with many international firms to make sure our basket of services and products are complete for our clients from all sectors of the retail industry.

Design

Our engineers are constantly attending seminars and exhibitions to keep well informed about the product and industry. We have a set of executive standards for retail area design based on your branch of retail we provide you with the most efficient solution. In our design process we care for many different parameters, such as customer experience employee experience and maximizing sales area.

Supply and Install

Over the years of our activities, we have partnered with many international suppliers for every piece of equipment you need in a retail area. We supply and install a wide range of products from economy level to highend from different countries around the Globe. We are a team of passionate individuals dedicated in delivering unique projects. From concept to final design, we ensure every detail aligned with your goals.

Initial Consultation

Based on hours of interviews and site visits our experts and engineers provide a feasibility study and business proposal helping you to have a better insight on your business. In this stage, we provide budget planning and initial setup of your retail area. Then you can decide on how to start and plan the timing of your project. Our main goal is to help you to reach maximum profitability and the fastest possible return of investment. In addition, we believe our clients must stand out in the industry along with upcoming market trend.

Using the latest design techniques available, we create a retail store, so that your customers keep coming back to the store for an amazing experience. In our design process, we define the customer journey in a way to maximize sales. Moreover, we create a work environment where your employees are happy, so they can provide the perfect service during their working hours.

Aftersales

Our services do not end with the implementation of our equipment. Our loyalty to our clients lasts for long, and after implementing your retail area we provide guarantee and aftersales services for all our products. Moreover, we stand by your side with marketing and operation consultation upon your request at all times. In SAGAR we value loyalty and customer satisfaction the most.
