Environmental, Health and Safety Policy

Shaan Global is committed to providing a safe and healthy workplace, safe working methods, and the provision of safe equipment. Workplace health and safety is considered by management to be an integral and vital part of the successful performance of any job

This policy sets out the responsibilities of the Company and its employees with the aim that together we can keep the workplace safe and productive.

The following is a detailed environmental health and safety policy for SGBM:

1. We are committed to protecting the environment, the health of our employees and other stakeholders, and complying with all related regulations.
2. We have established procedures and guidelines for assessing the impacts of our operations on the environment and mitigating any risks to health and safety.
3. We will regularly monitor our operations for any potential risks to the environment or health and safety.
4. We will take necessary steps to address any identified risks, including informing our employees, customers, and other stakeholders of any potential dangers.
5. We will comply with all applicable environmental regulations and work to reduce our environmental footprint wherever possible

Quality Policy

Quality in everything we do is integral to all our working practices. It is critical to the success of our business and our long term sustainability and profitability.

EMPLOYEES

We value the contribution of every employee. We will always treat employees with dignity and respect and foster a positive and cooperative workplace in which everyone can learn and grow.

We will maintain a safe working environment complying with all statutory, regulatory, corporate and customer requirements.

CUSTOMERS

We depend on our customers and we are committed to providing them with efficient service and high quality products that always meet or exceed their needs.

LEADERSHIP

The Company's management team is committed to showing leadership and bearing responsibility for creating, implementing and maintaining the Quality Management System. We undertake to ensure sufficient resources are made available within the Company to achieve this. We further undertake to ensure through communication, engagement, practical example and training that Quality is the aim of all members of the Organisation. With effective leadership and support, every employee will have a proper understanding of the importance of the Quality System, their responsibility to contribute to its effectiveness, and its direct relevance to the success of the Company.

Every employee is responsible for, and will be fully trained to perform the duties required by his or her specific role.

CONTINUOUS IMPROVEMENT

The Company has a total commitment to Continuous Improvement through rigorous application of the principles and practices of the Altra Business System. Clear Quality objectives, in accordance with the framework laid down within ISO 9001:2015 provide a fundamental basis for all our processes and activities.
