

iFLYTEK AINOTE 2

2025. 8. 11

What are the pain points in recording current office meetings?

Laptop Computers:

- × Carrying 3 kilograms just to take one page of notes?
- × Is it really suitable to stare at a screen the whole time?
- × Does typing interfere with your thinking? Is the battery enough?

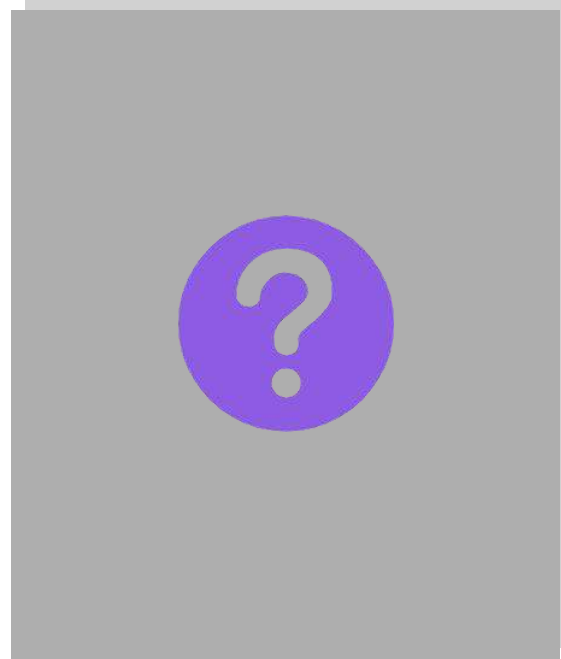

Smartphones and Tablets:

- × Are they for socializing, entertainment, or business?
- × Are you being interrupted by ads and social media?
- × How bad is the handwriting experience on a glass screen?
- × Can you endure staring at a bright, flat screen for long periods?

Paper Notebooks:

- × Can handwriting keep up with the speed of speech?
- × What if you want to digitize, edit, or share your notes?
- × Is it easy to find a single page in a thick stack?
- × Can you still find your notes from last year?

Why AINOTE?

Helps users overcome three major challenges in meeting note-taking: **incomplete records**, **difficulty in locating key points**, and **easily lost notes**—while remaining portable, professional, and easy on the eyes.

AINOTE 2

*The World's First AI-powered
paper tablet*

I. Industry-Leading Hardware Standards

||| The world's thinnest E Ink tablet

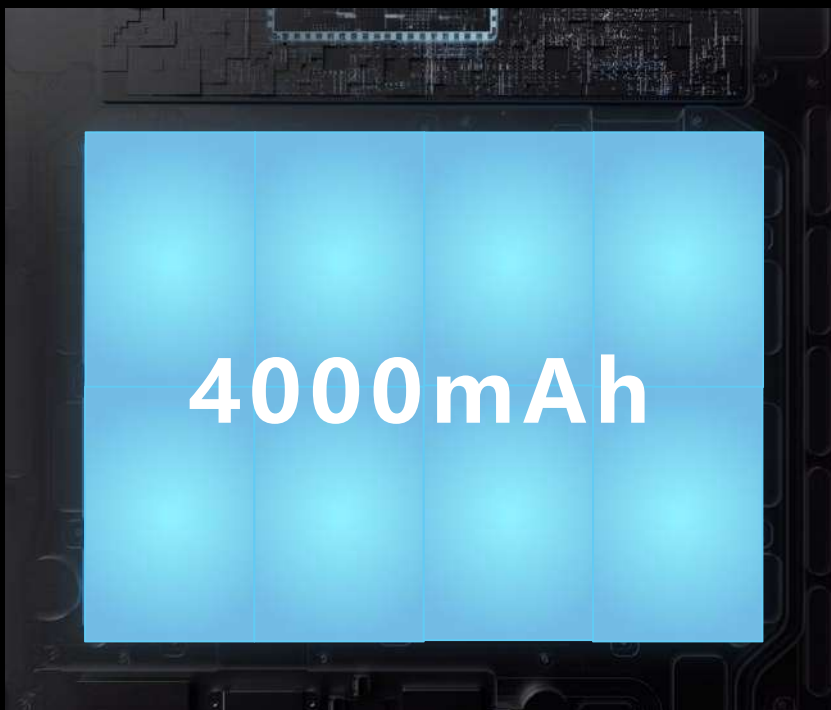

Size 10.65 Inch

Thickness 4.2mm

Weight 295g

||| The world's thinnest E Ink tablet

- A 4.2mm slim body equipped with a 4000mAh high-capacity battery.
- An integrated design that achieves both slimness and strength.

* Overview of key specifications of mainstream large-screen E Ink tablets on the market:

Model	AINOTE 2	reMarkable 2	reMarkable Paper pro	BOOX GO 10.3	BOOX NOTE Air 4C	Supernote A5 X2 Manta	Viwoods AiPaper
Size	10.65inch	10.3inch	11.8inch-color	10.3inch	10.3inch-color	10.7inch	10.65inch
Battery	4000mAh	3000mAh	5030mAh	3700mAh	3700mAh	3600mAh	4100mAh
Thickness	4.2mm	4.7mm	5.1mm	4.6mm	5.8mm	6.0mm (Edge3.6mm)	4.5mm

sandy

Sunrise

Deep Navy

Magnetic Keyboard Case

- Keyboard Input for Efficient Editing
- Seamlessly integrated with native apps, offering a wide range of shortcut keys: one-touch Home, global search, voice input, multitasking, landscape/portrait switching...
- One-touch activation of large-model Q&A

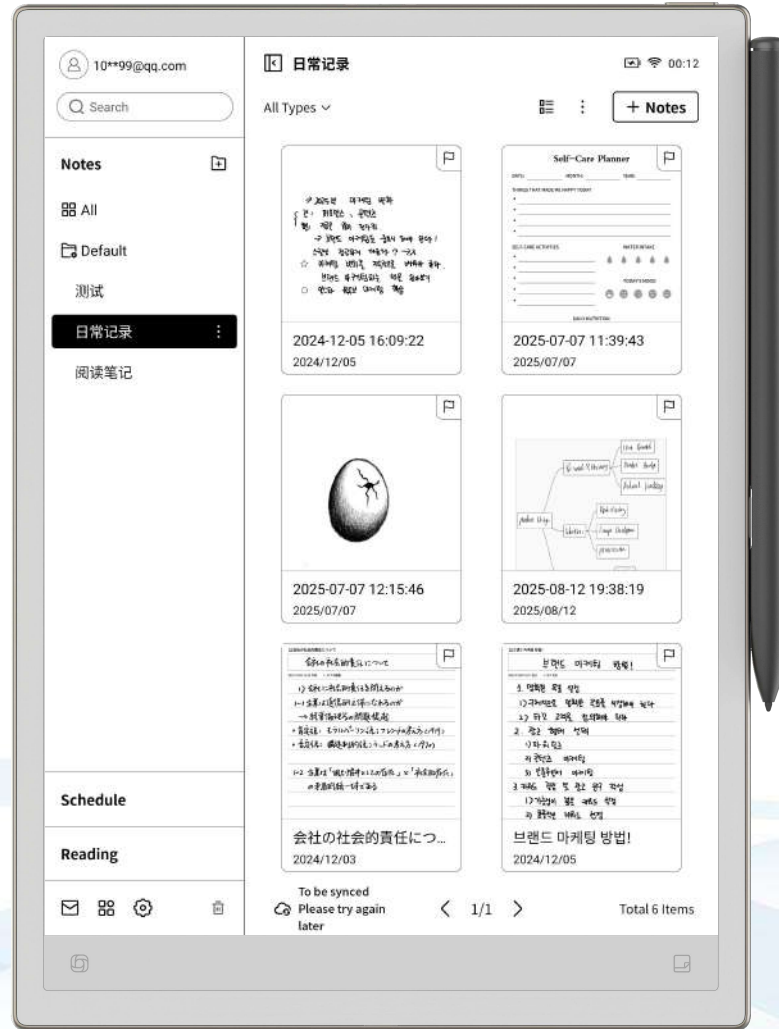

Hardware Information

Product Model		iFLYTEK AINOTE 2
Hardware Specifications	CPU	Octa-core 2.2GHz
	RAM	4GB
	Storage	64GB
	Screen Size	10.65-inch E Ink Display
	Screen Material	Flexible E Ink Screen
	Screen Resolution	1920 × 2560, 300PPI
	Audio System	Quad Microphone Array, No Speaker
	Wireless Connectivity	Wi-Fi 6 + Bluetooth 5.4
	Charging Port	USB Type-C
	Touch Control	Finger Touch + Stylus Control
	Stylus	All-New Stylus
	Expansion Slot	Not Supported
	Expandable Capacity	Not Supported
	Battery Capacity	4000mAh
	Device Dimensions	247*178*4.2mm
	Device Weight	295g
	Operating System	Android 14, GMS Certified
	File Formats	pdf/epub/txt/mobi/azw/jpeg/png/doc(x)/xls(x)/ppt(x)
	Reading Light	No Reading Light
	Rear Camera	No Camera
	Fingerprint Lock	Supported
	External Serial Port	Right-side Pogo Pin
	Special Hardware	AI Button
Quick-Bar		

II. NOTE OS

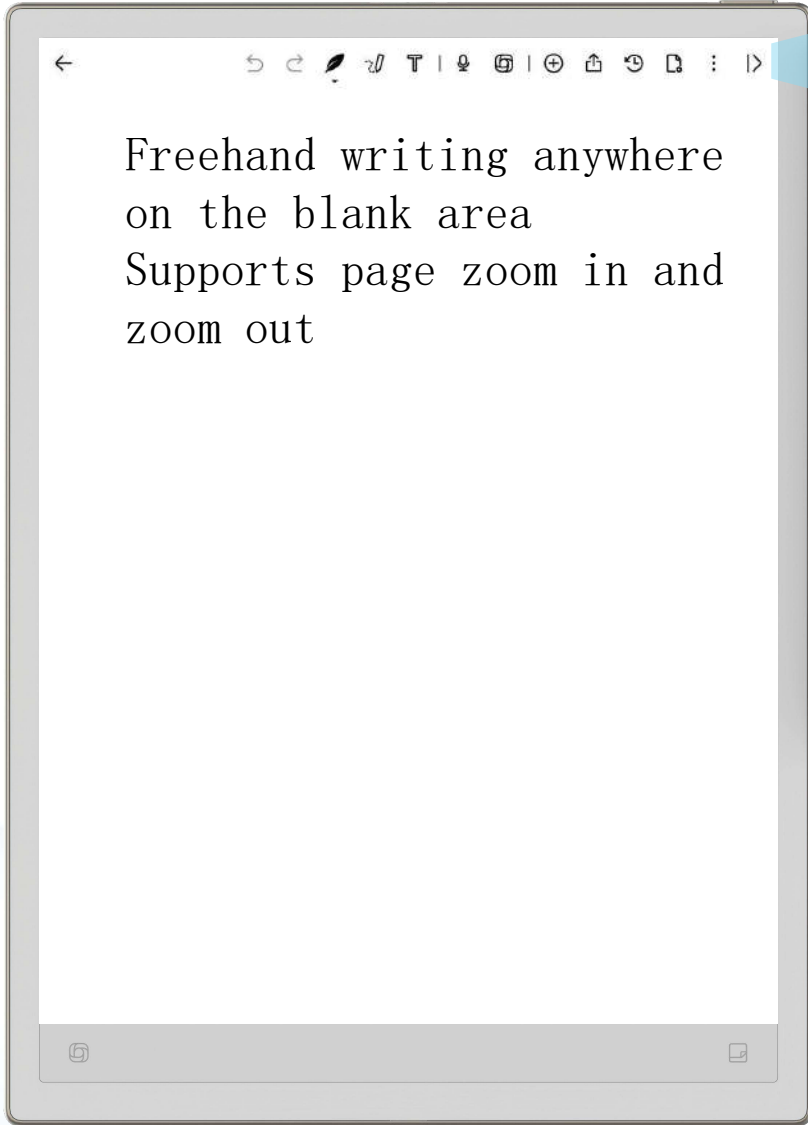

Creation and Management Interface

- Supports multi-level folder creation with tree-structured management
- Left-side folders and right-side note list for quick note switching
- List view and table view options for versatile note display
- One-touch note creation without selecting a type

Handwriting Mode

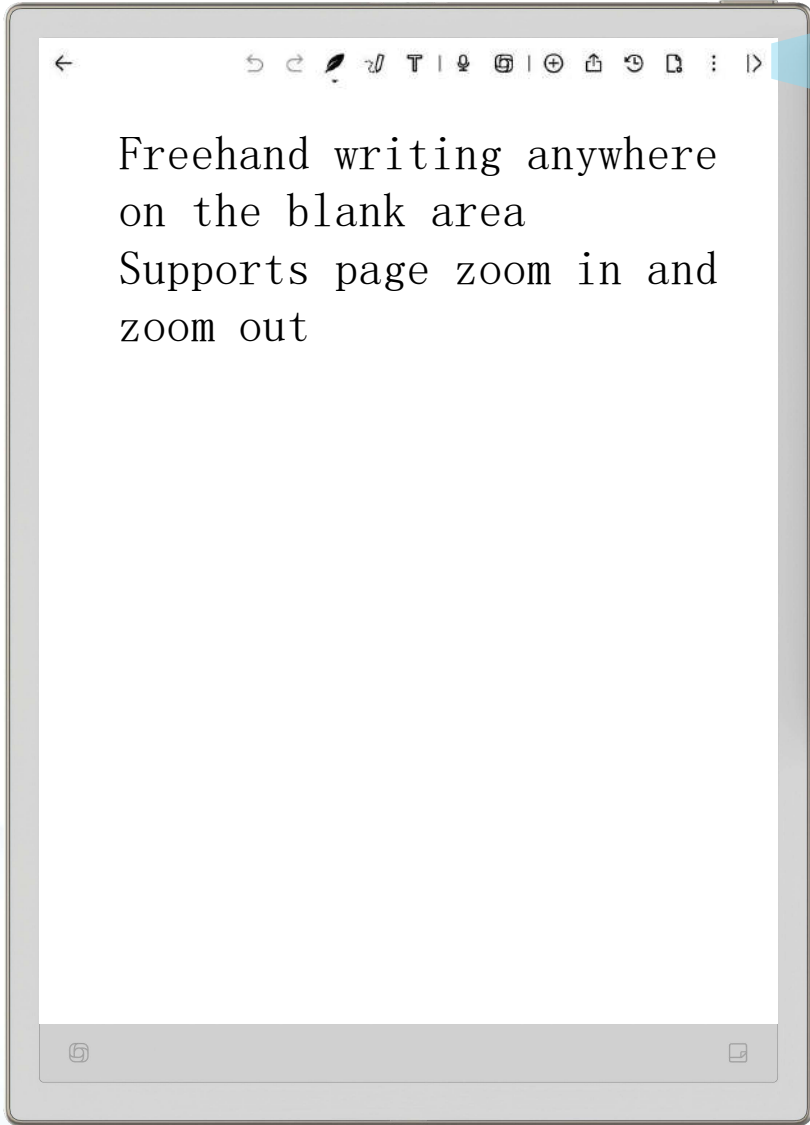

- Use the stylus for freehand writing
- Supports a variety of pen types: ballpoint, pencil, fountain pen, brush, marker, and more

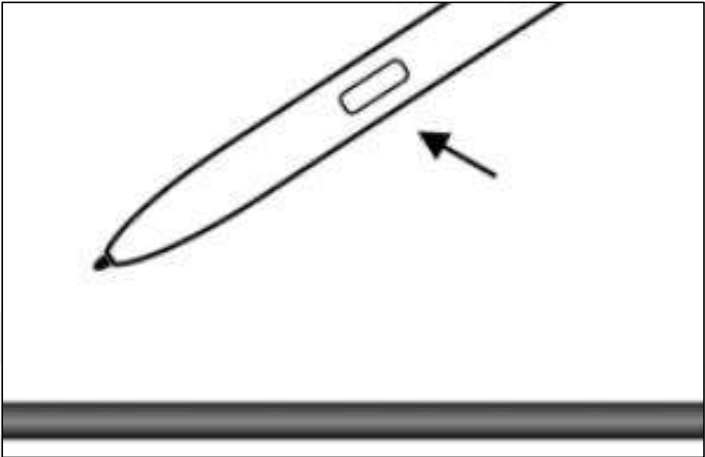

- Five levels of pen thickness adjustment

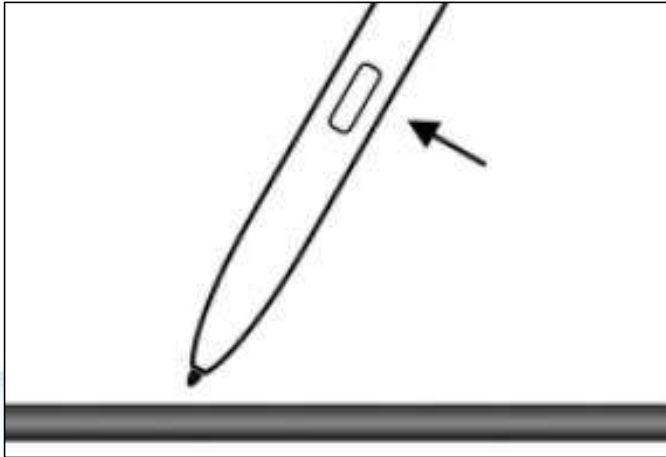

Stylus Button

When the stylus tip is **more than 1cm** from the screen, press and hold the side button, then touch the screen to erase handwriting.

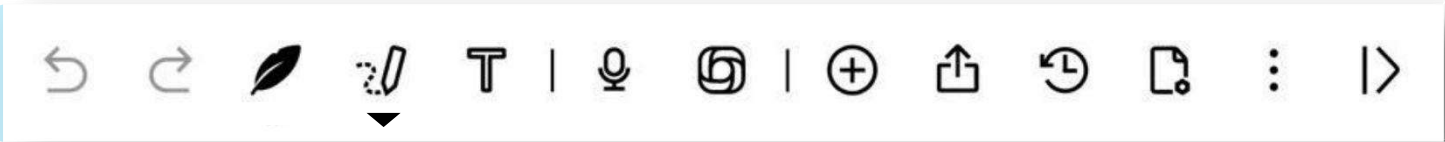

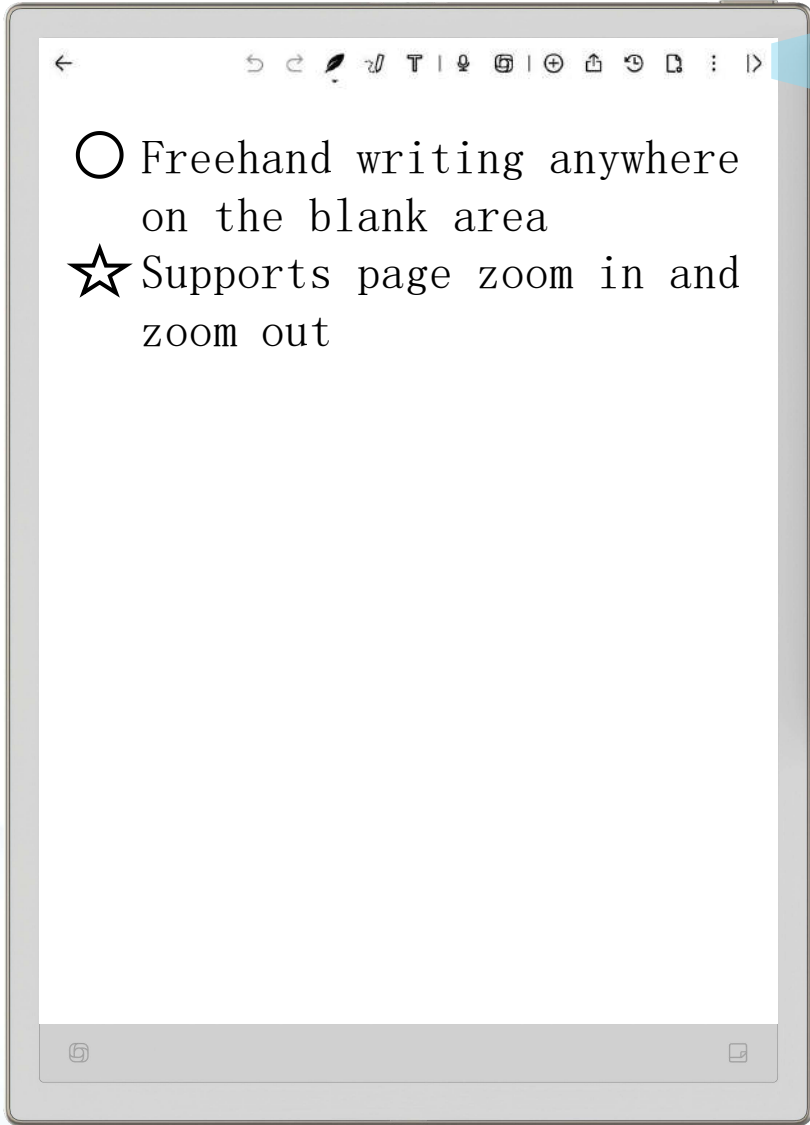

When the stylus tip is **within 1cm** of the screen, press and hold the side button, then touch the screen to activate the custom function.

The custom function supports options such as Smart Pen [Default], Lasso Erase, Erase, and Off, which can be defined in the "Settings" menu.

Smart Pen

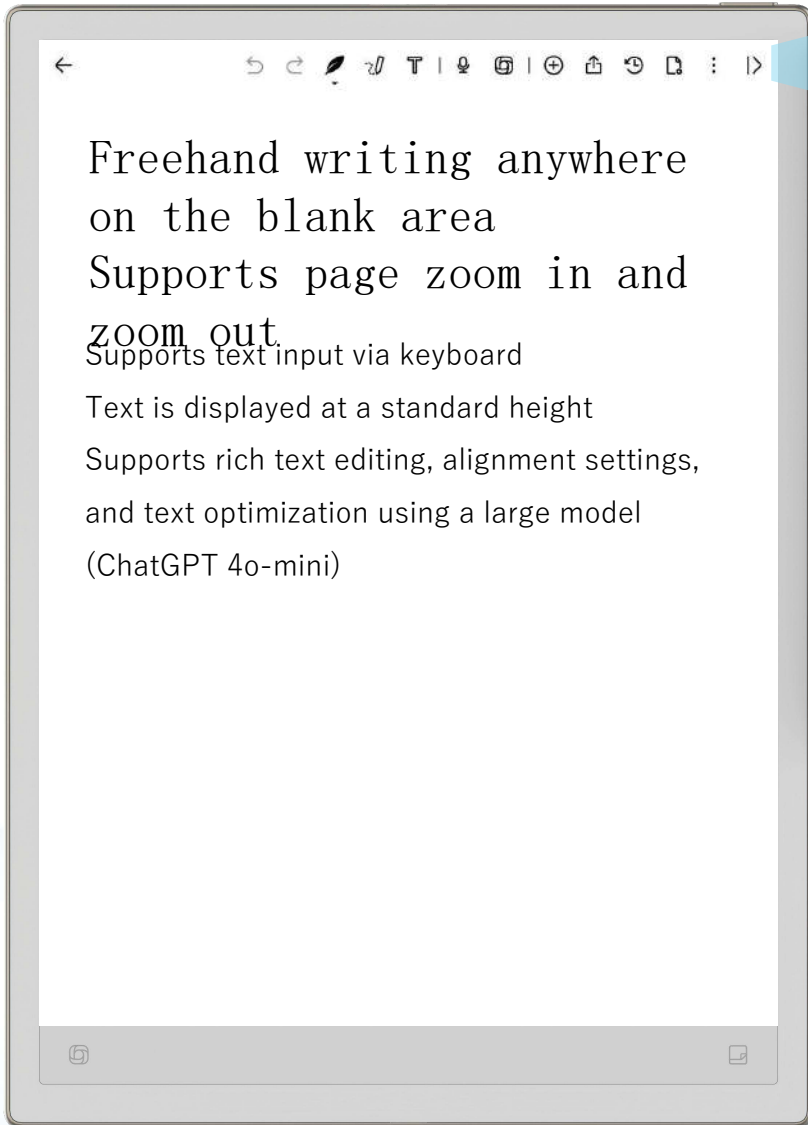

- During writing, when the stylus tip is within 1cm of the screen, pressing the stylus button quickly activates the Smart Pen [Default] mode.
- Lasso selected handwriting to move it, perform AI searches, and more.

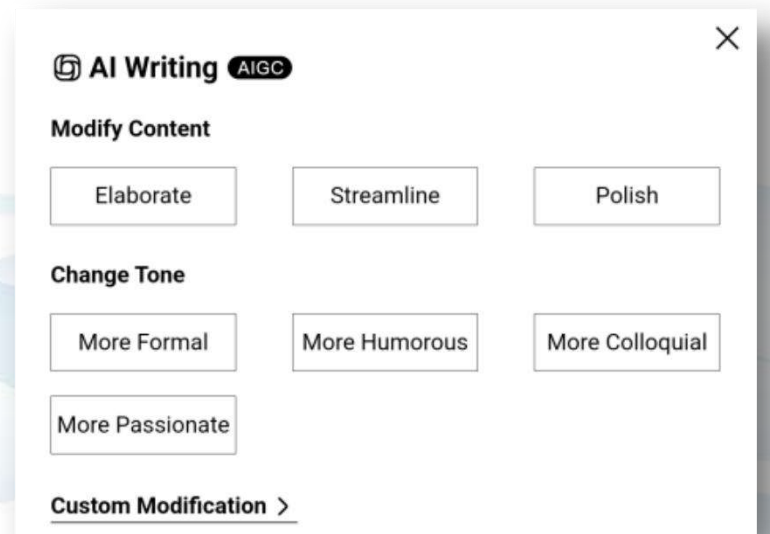

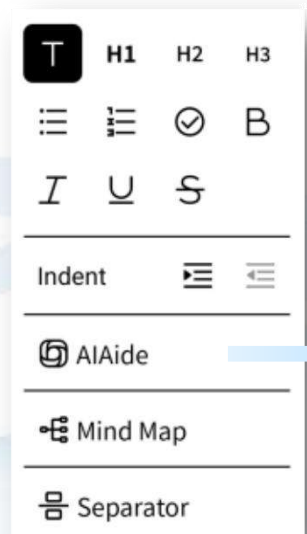

- Before handwriting, press the stylus button and draw ○, ☆, or △ to automatically generate standard shapes and add the handwritten content to To-Do, Important, or Subheading sections.

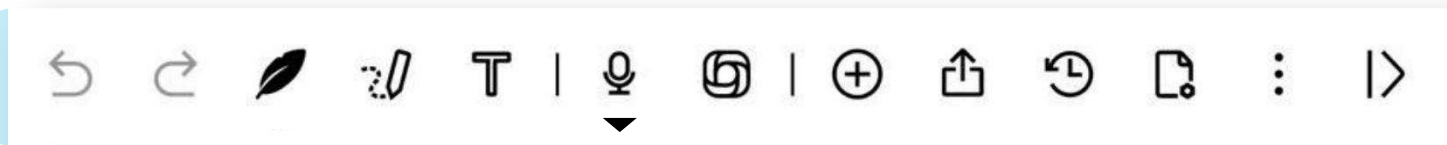

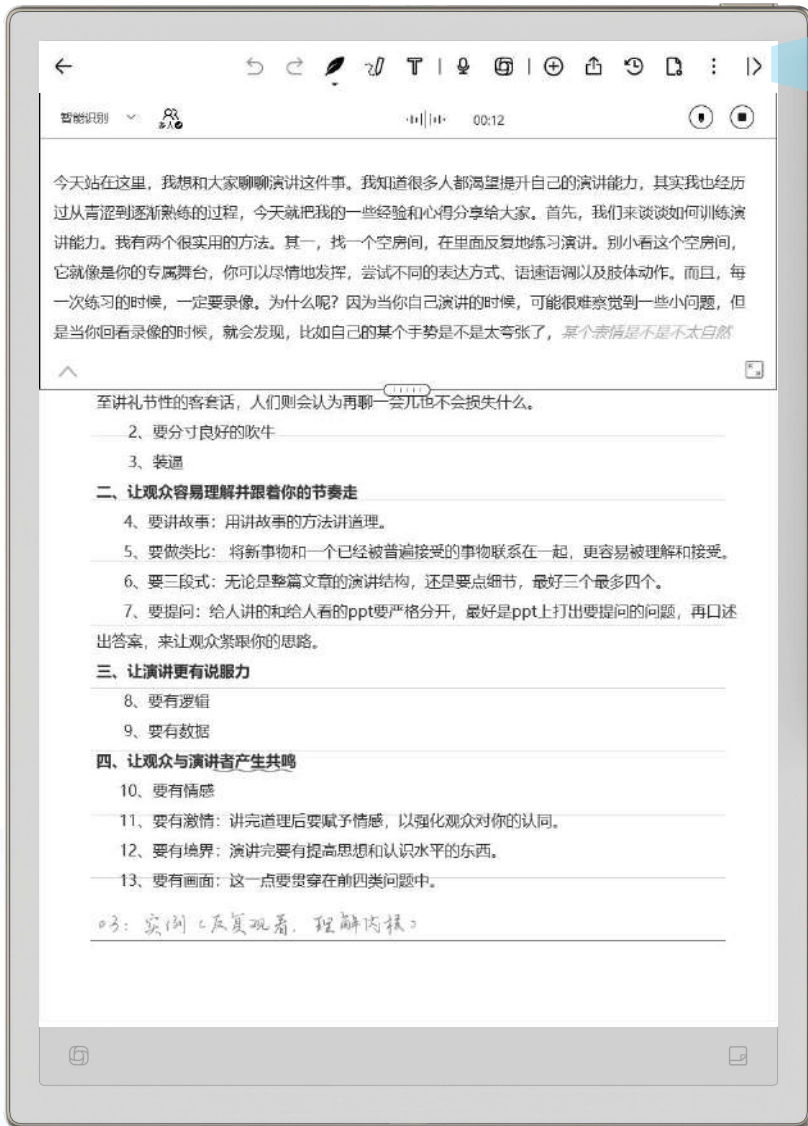

Text Mode

- Supports text input via keyboard
- Text is displayed at a standard height
- Supports rich text editing, alignment settings, and text optimization using a large model (ChatGPT 4o-mini)

➤ Supports voice-to-text in 15 languages:

*Chinese, English, Japanese, Korean, French, German, Spanish, Cantonese, Russian, Malay, Vietnamese, Arabic, Thai, Indonesian, Hungarian

➤ Supports translation between 10 languages:

*Chinese, English, Japanese, Korean, French, German, Spanish, Hungarian, Arabic, Russian

➤ The transcription area supports adjustable height

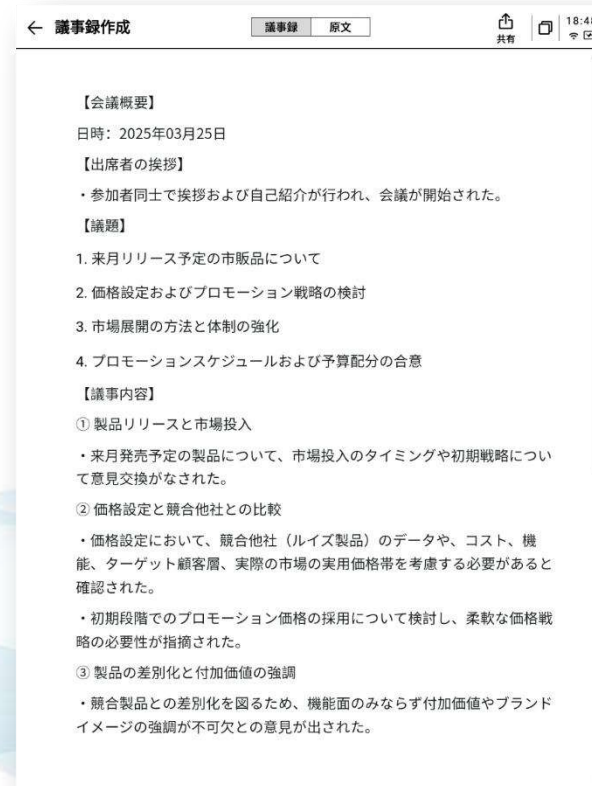

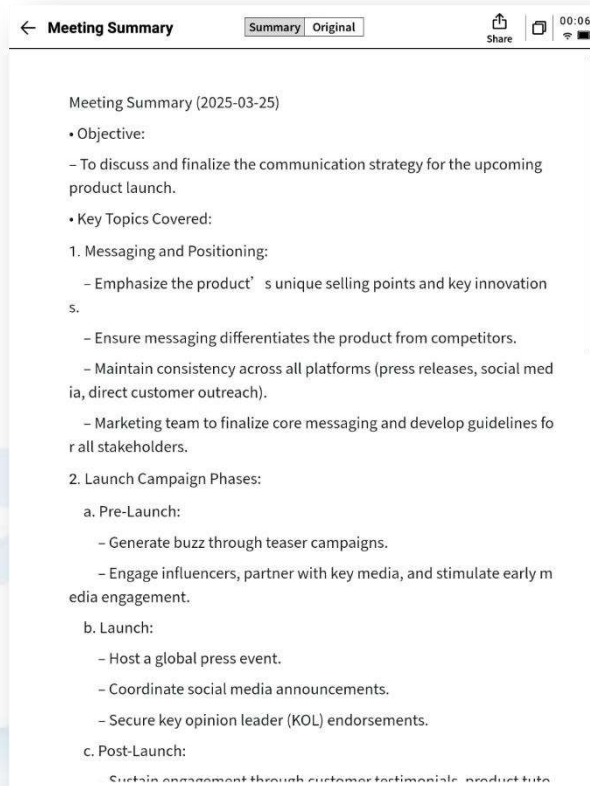

➤ The transcription area can be collapsed or hidden

➤ Supports simultaneous voice-to-text transcription, handwriting, and text input

AiAide-Meeting Summary (o3-mini)

Quickly summarize the meeting content for you and provide an overview of the meeting

AiAide-AI OCR Organization (4o)

Handwritten content is organized by a large model, with clear paragraphs and automatic error correction.

一、项目专项(新能源)
配套需求:
土地: 200亩(工业用地)
税收: 申请三免三减半(所得税)

二、人才政策("凤栖计划")
✓ 设引才基金(本季末出细则)
补贴:
✓ 博士: 80万+/人(分阶段发)
✓ 技术总工: 免租120m²房(服务期内)
? 待定: 外籍专家是否同等适用?
(提 → 下周领导小组会议)

一、项目专项(新能源)
配套需求:
• 土地: 200亩(工业用地)
• 税收: 申请三免三减半(所得税)

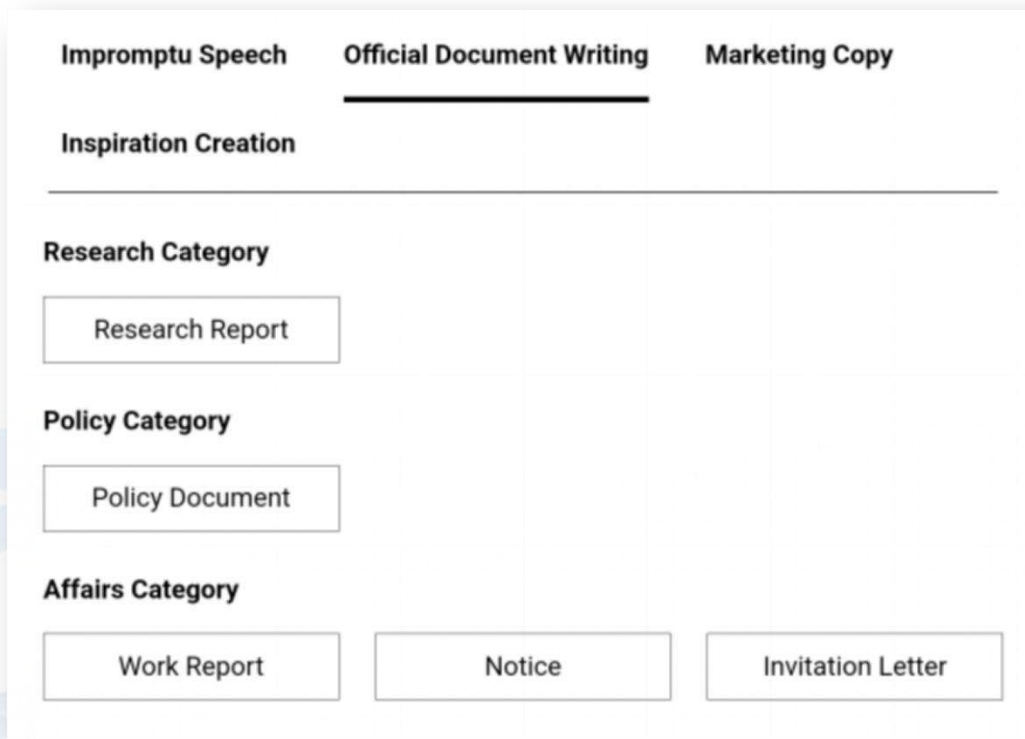

二、人才政策("凤栖计划")
• 设引才基金(本季末出细则)
补贴:
◦ 博士: 80万+/人(分阶段发)
◦ 技术总工: 免租120m²房(服务期内)
◦ 待定: 外籍专家是否同等适用?
(提 → 下周领导小组会议)

三、风险提示
• 竞对: 邻近某开发区推"零地价"抢项目(压力大)
• 市场: 某头部大厂二期扩产, 或影响选址/区域分布
• 进度: 开工时间紧迫 → 目标签约后 < 3月开工
◦ 当前瓶颈: 环评/土地

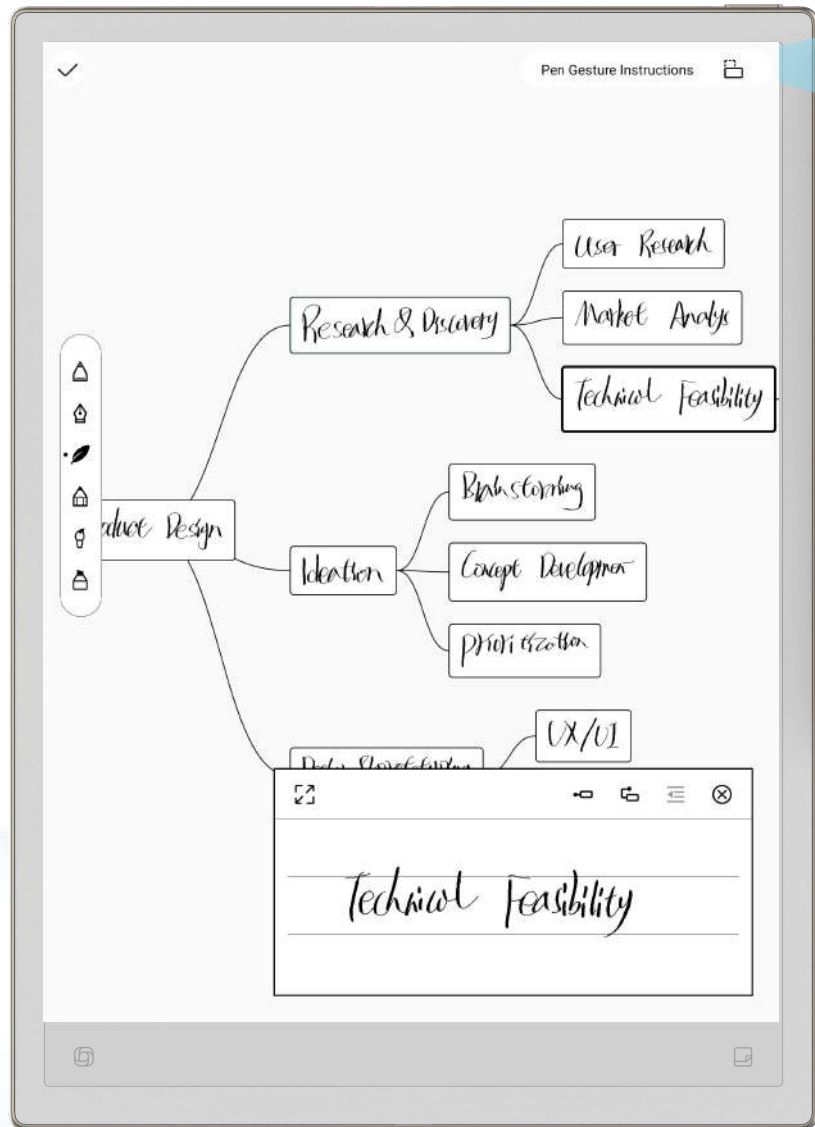

AiAide-Text Creation (4o-mini)

Generates drafts for various scenarios such as business speeches and work reports.

Handwritten Mind Maps

- Handwritten mind maps for focused idea expression
- Add or move nodes easily with the stylus tip
- Quick Sharing
- Rich node tools—create nodes with a single tap

Rich Templates

- Over 80 versatile note templates to meet all office needs, with support for adding personal templates.

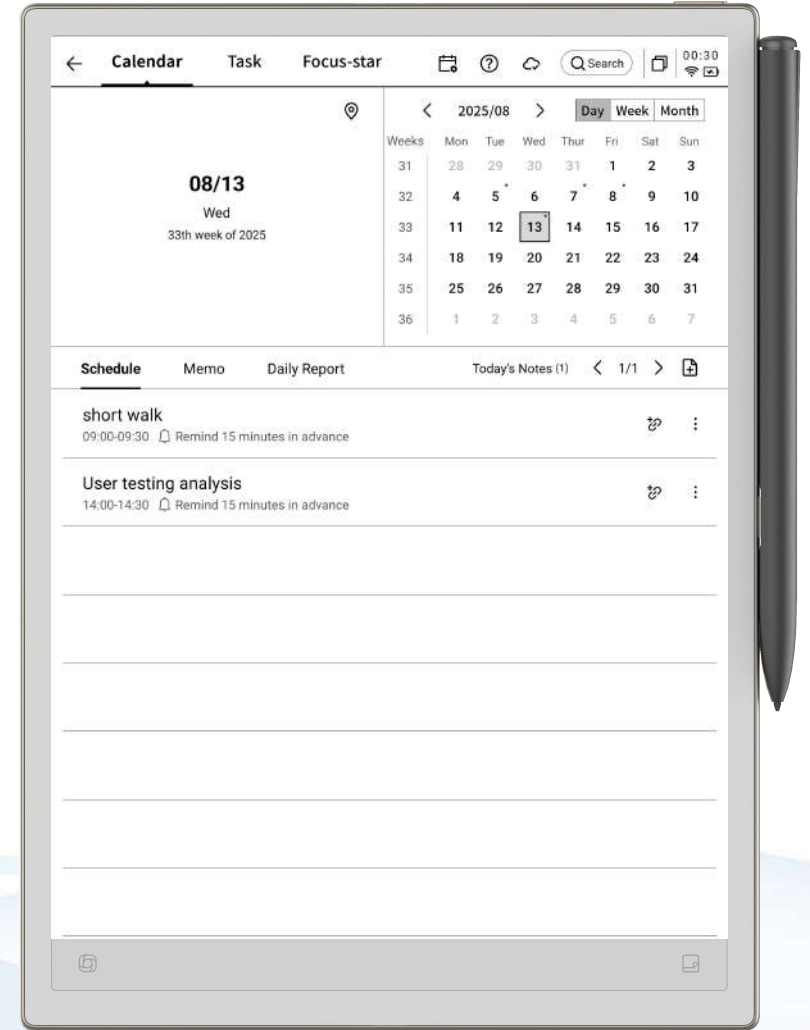

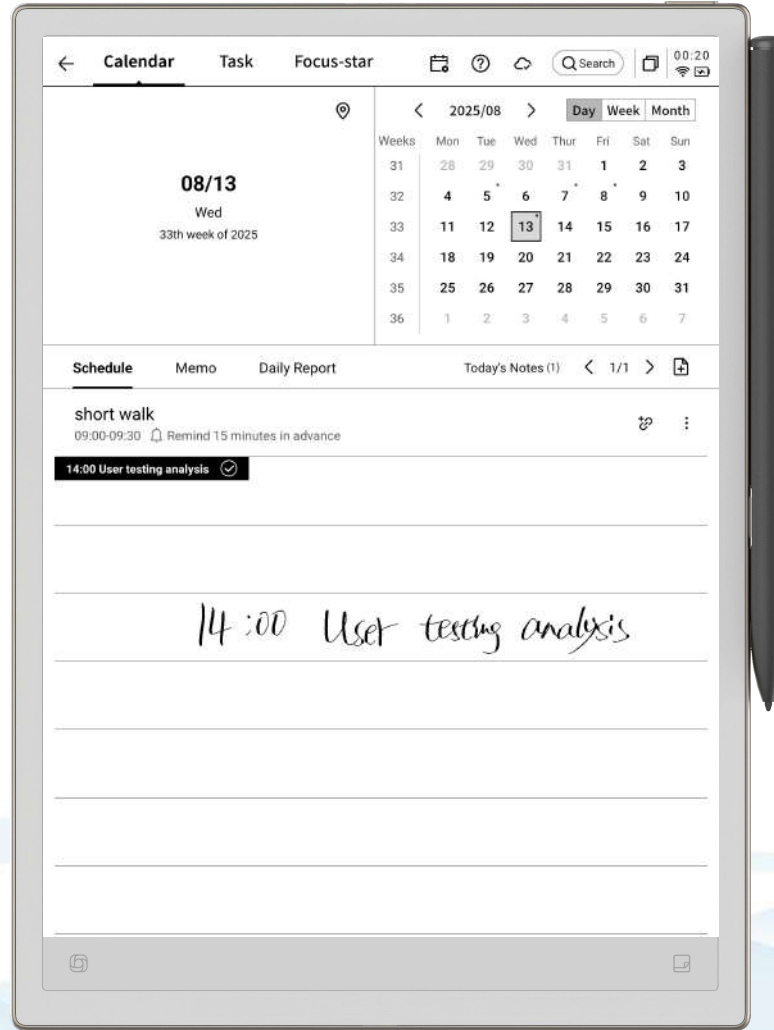

III . Schedule

Easy Schedule Creation

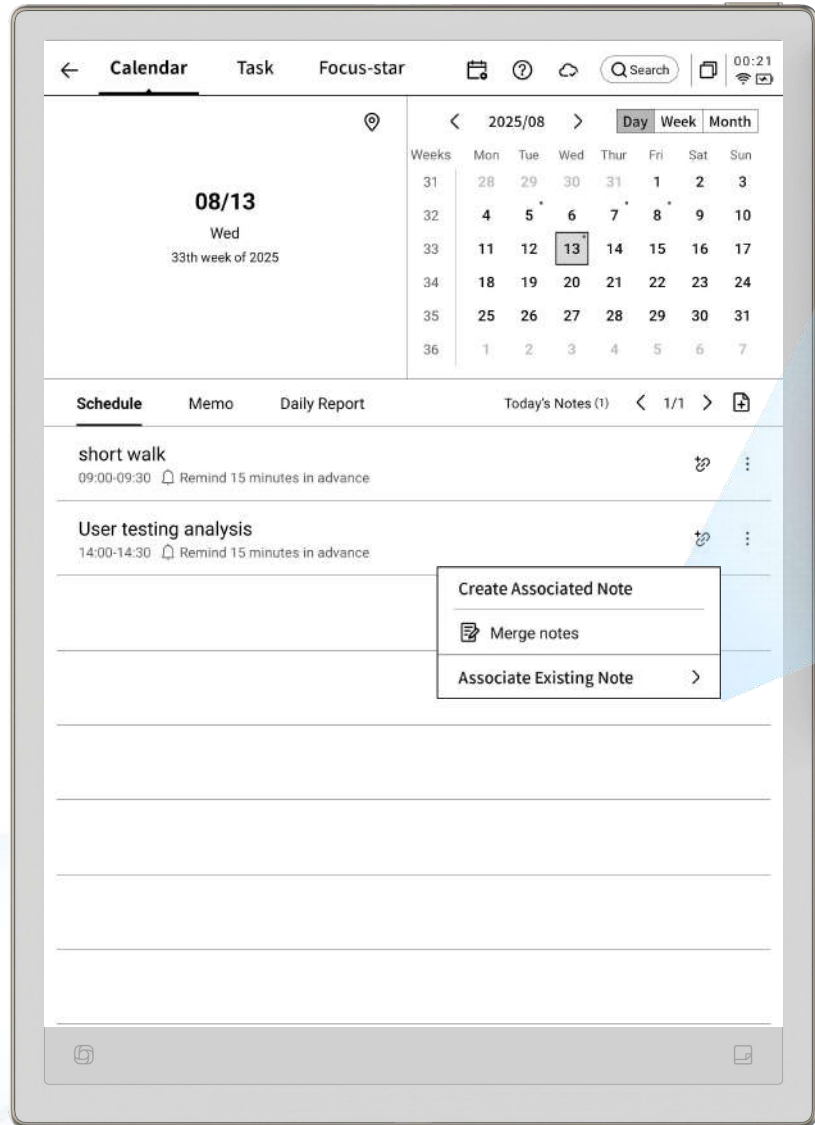

All blank areas are writable.

- No need to click a create button—write freely anywhere in the blank area, then tap the confirm button to complete creation.

Schedule & Note Linking

Create Associated Note

Merge notes

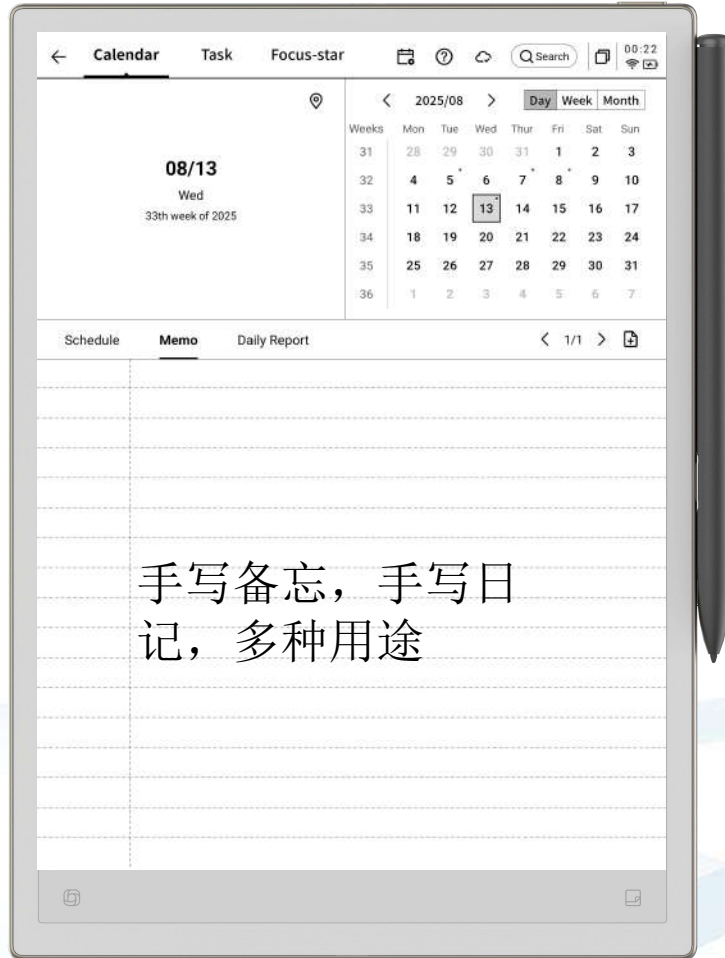

Associate Existing Note

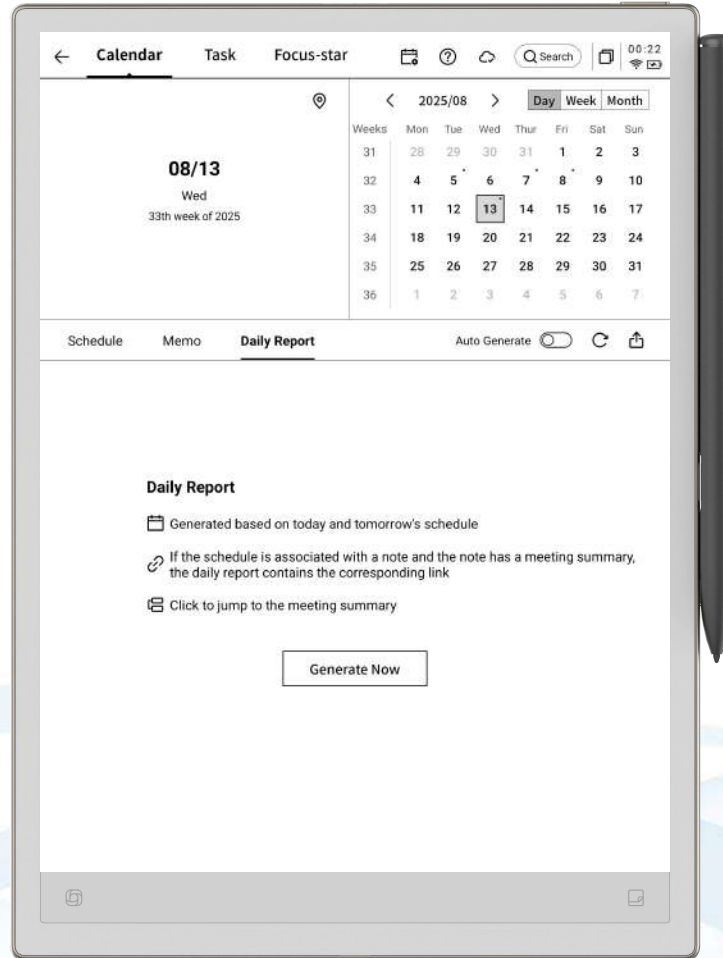

- Supports creating notes from schedules
- Supports linking schedules to existing notes
- Schedules and notes are mutually connected, allowing one-tap access to related background information, discussion points, and historical records—jump straight into context without effortful recall or searching.

Comprehensive Task Management

➤ Memo

➤ Daily/Weekly Summary(ChatGPT 4o)

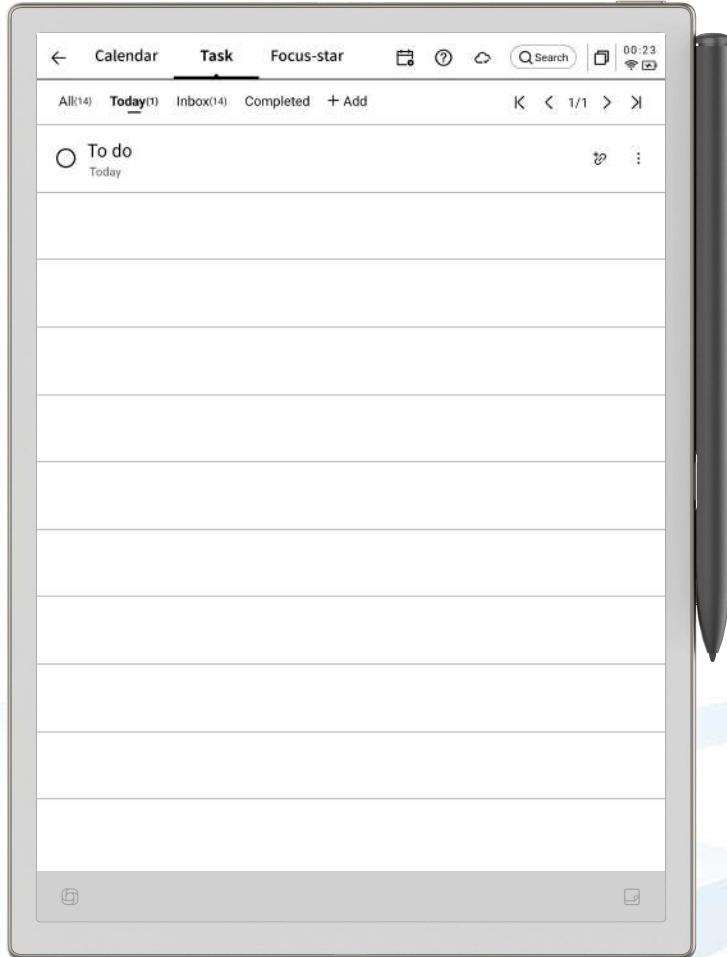

➤ Weekly/Monthly View

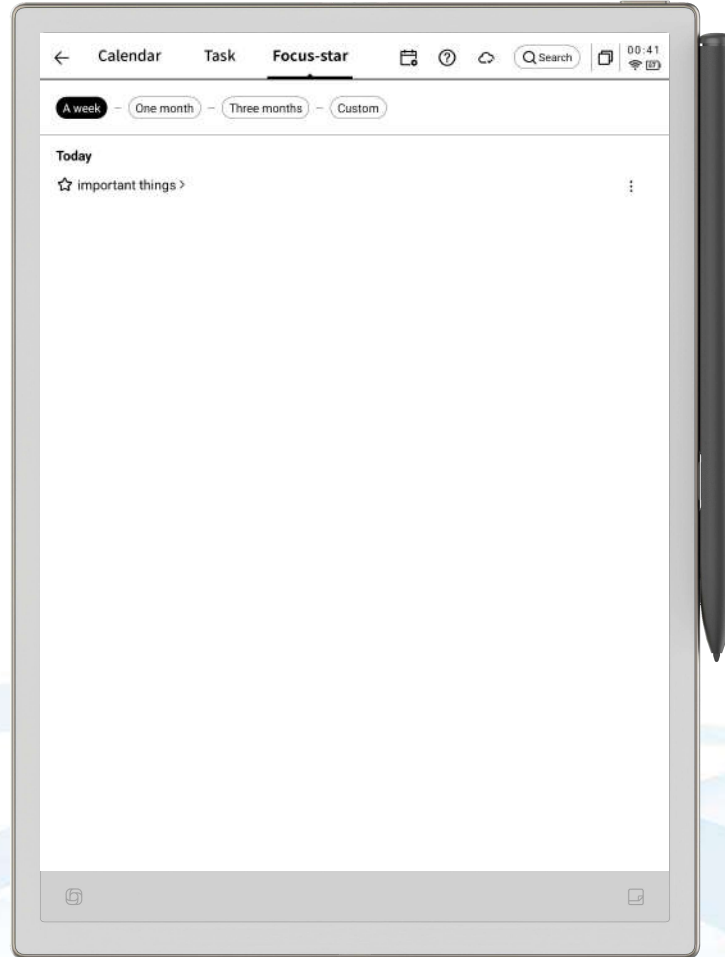

Comprehensive Task Management

➤ Tasks

➤ Focus-Star

➤ Google Calendar Sync

Multi-Device Schedule Sync

- Supports schedule data Sync with AINOTE Mobile and AINOTE PC (Expected to be supported in September).

The screenshot shows the AINOTE PC desktop application interface. On the left is a sidebar with navigation options like '笔记' (Notes) and '日程' (Calendar). The main area is divided into a calendar view for February 2025 and a task list for the selected date, February 3rd. The task list includes items like '竞品功能体验' and '产品推广方案讨论' with time slots.

The screenshot shows the AINOTE Mobile application interface. At the top, it displays the date '2022年12月' and a calendar grid. Below the calendar, there are task cards for dates like '3月27日 星期三' and '3月28日 星期四', each listing tasks such as '工作培训' with time slots. The bottom navigation bar includes icons for '笔记', '日程', '阅读', and '我的'.

IV. Reading

1.1 Carelman's Coffeepot for Masochists. The French artist Jacques Carelman in his series of books, *Catalogue d'objets introuvables* (*Catalog of unfindable objects*) provides delightful examples of everyday things that are deliberately unworkable, outrageous, or otherwise ill-formed. Jacques Carelman: "Coffeepot for Masochists." Copyright © 1960-76-80 by Jacques Carelman and A. D. A. G. P. Paris. From Jacques Carelman, *Catalog of Unfindable Objects*, Bailand, editeur, Paris-France. Used by permission of the artist.

fusing to use, with audio-stereo-television-video-cassette-recorders that claim in their advertisements to do everything, but that make it almost impossible to do anything?

The human mind is exquisitely tailored to make sense of the world. Give it the slightest clue and off it goes, providing explanation, rationalization, understanding. Consider the objects—books, radios, kitchen appliances, office machines, and light switches—that make up our everyday lives. Well-designed objects are easy to interpret and understand. They contain visible clues to their operation. Poorly designed objects can be difficult and frustrating to use. They provide no clues—or sometimes false clues. They trap the user and thwart the normal process of interpretation and understanding. Alas, poor design predominates. The result is a world filled with frustration, with objects that cannot be understood, with devices that lead to error. This book is an attempt to change things.

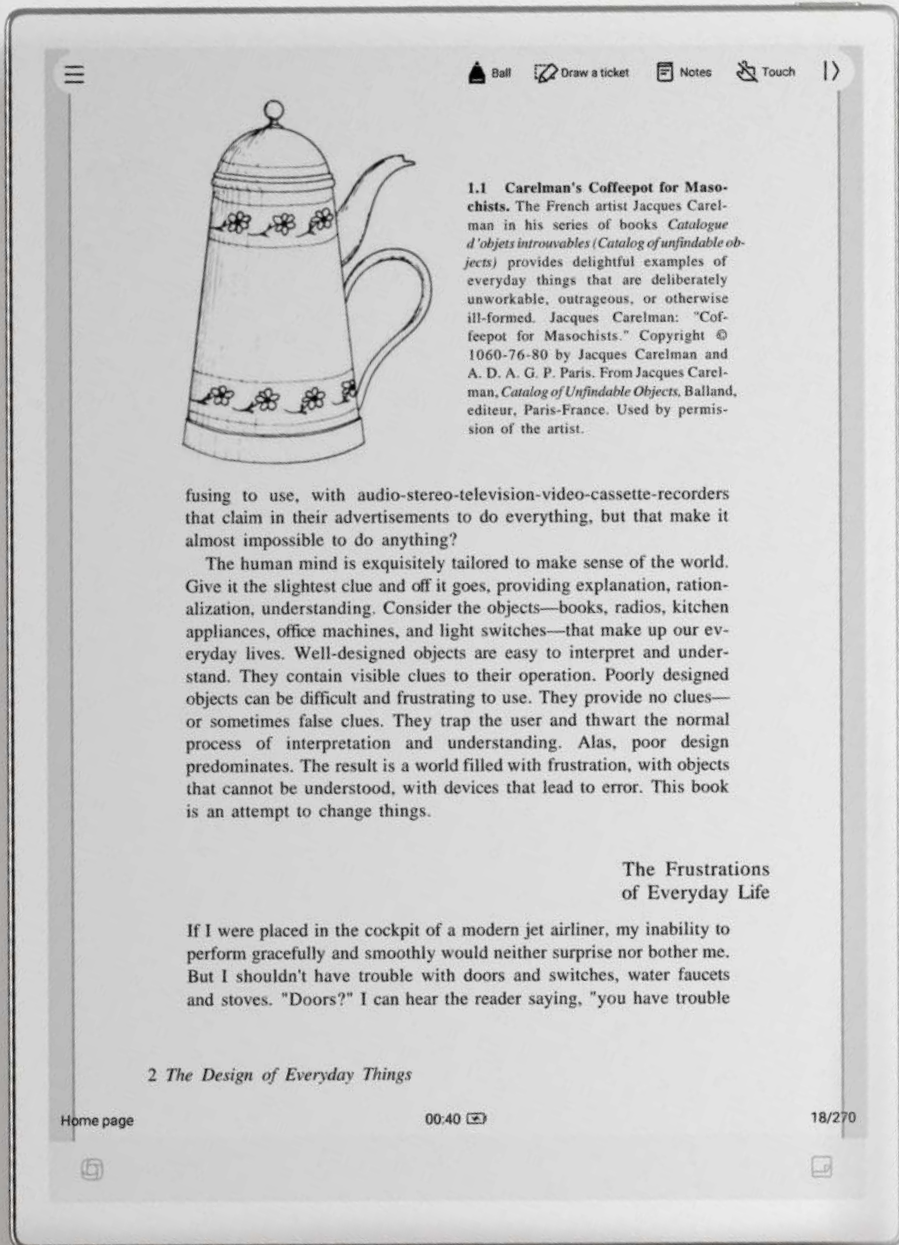

The Frustrations of Everyday Life

If I were placed in the cockpit of a modern jet airliner, my inability to perform gracefully and smoothly would neither surprise nor bother me. But I shouldn't have trouble with doors and switches, water faucets and stoves. "Doors?" I can hear the reader saying, "you have trouble

2 The Design of Everyday Things

Home page

00:40

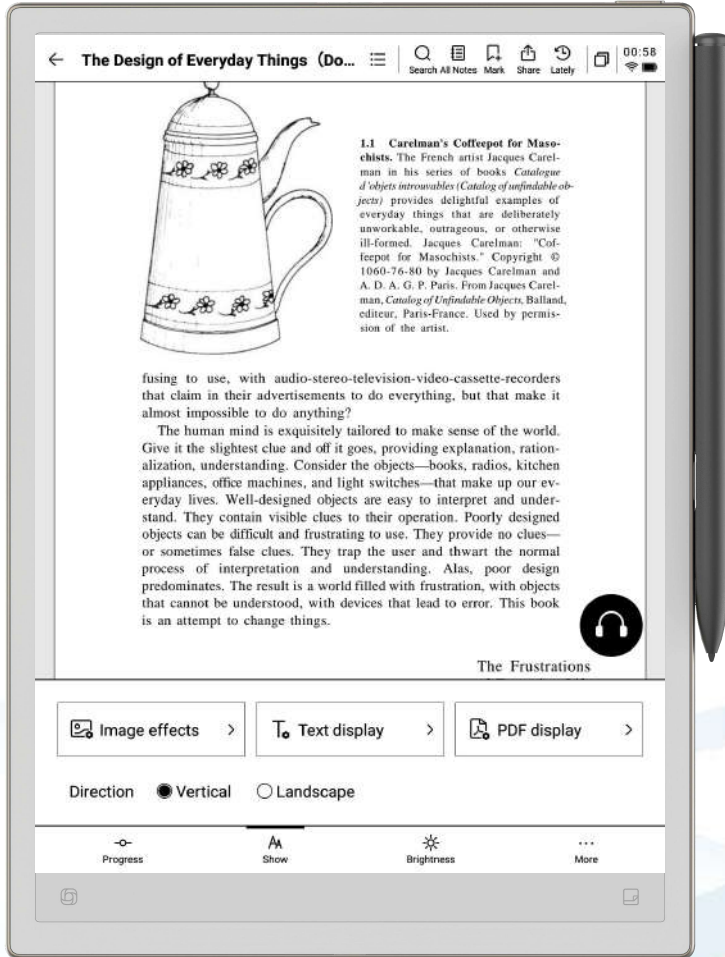

➤ Extensive Format Support

eBook Formats: pdf, epub, mobi, txt, azw

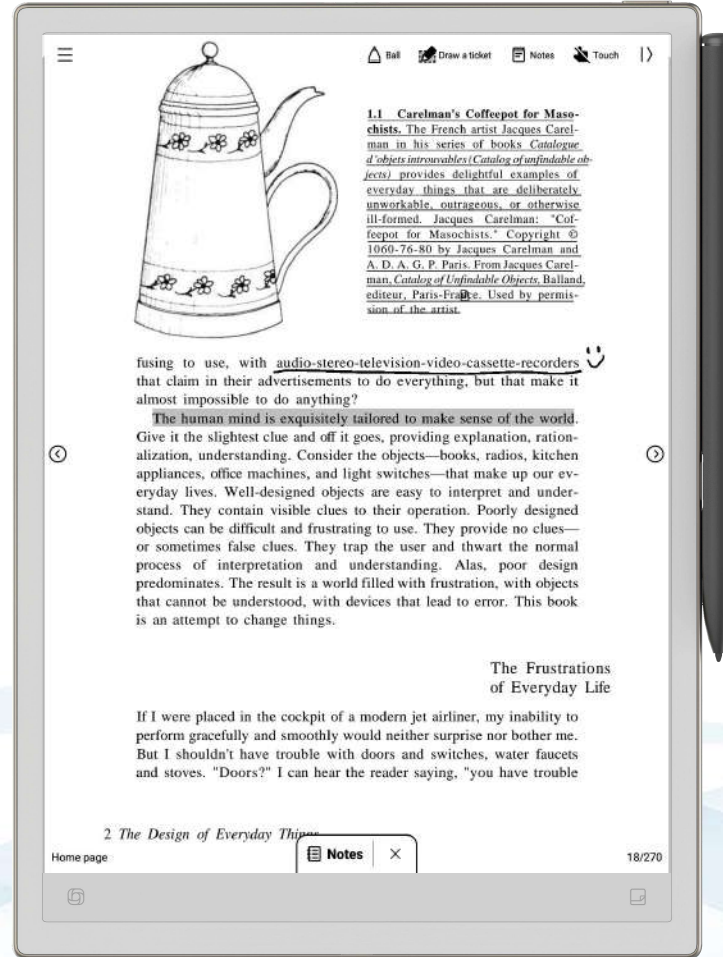

Document Formats: doc, docx, xls, xlsx, ppt, pptx

Reading Settings & Book Notes

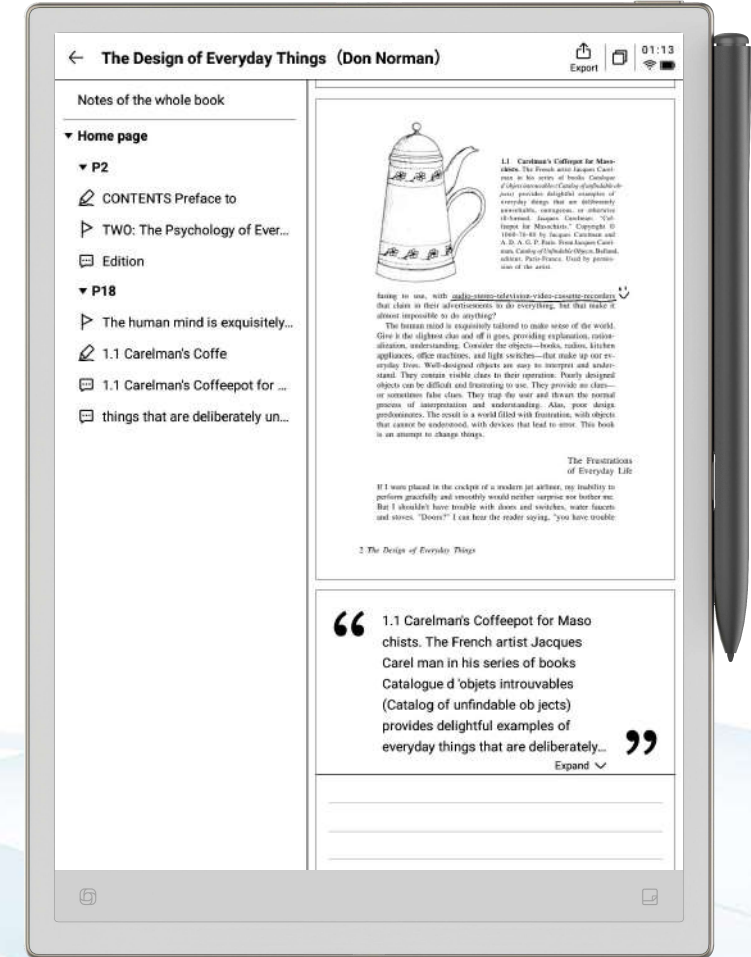

➤ Comprehensive Reading Settings

➤ Annotations, Highlights, Excerpts

➤ Automatically Generate Complete Book Notes

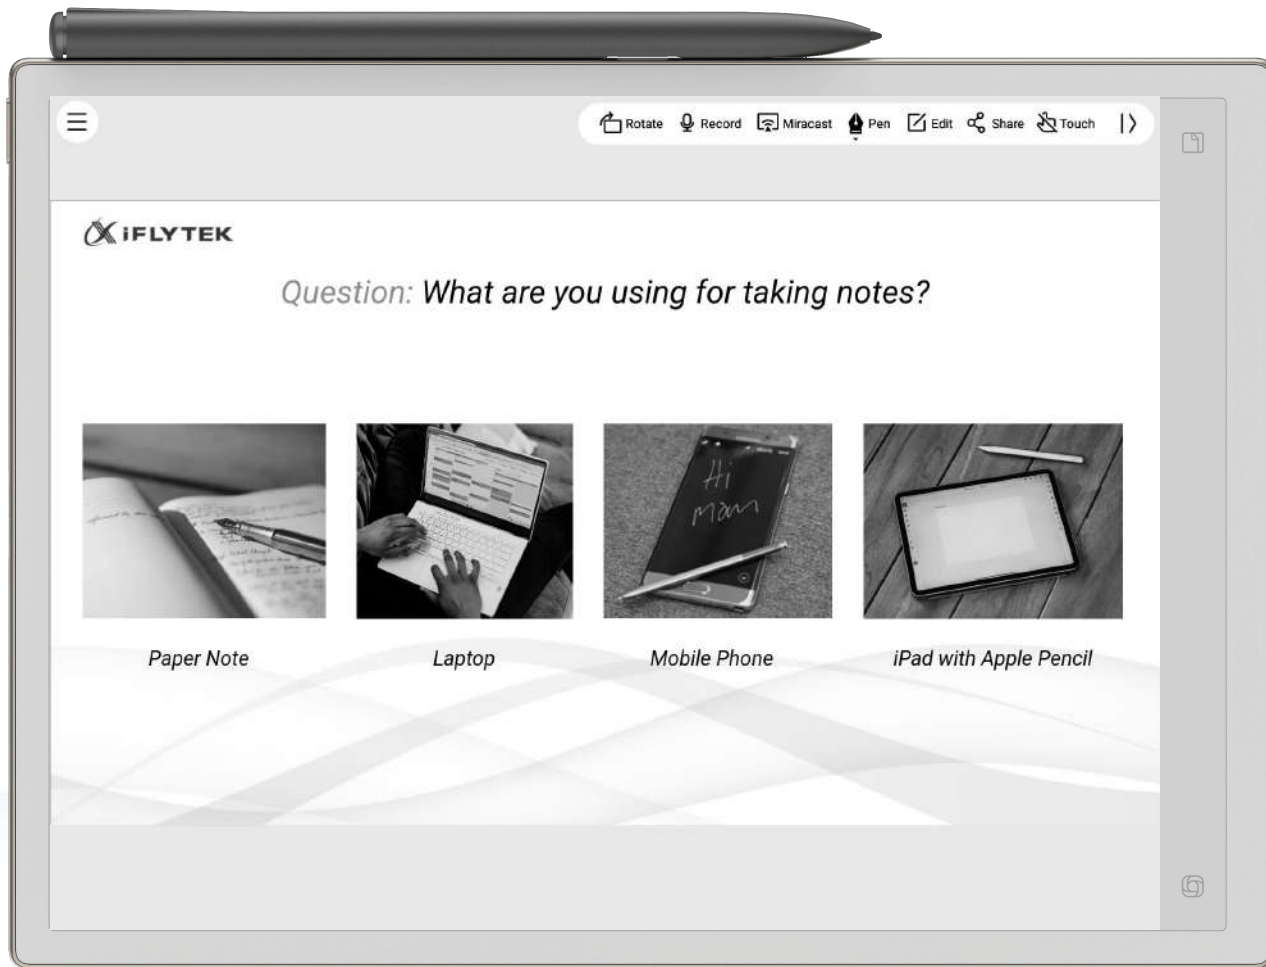

Reflow for Scanned PDFs

➤ No internet required—reflow quickly offline

Office Document Preview & Editing

- Provides preview capabilities for Office documents, allowing quick opening and freehand annotation with the stylus
- Powered by WPS Office, supports editing of Word, Excel, and PowerPoint documents
- Supports voice recording and transcription while reading Word or PowerPoint documents

V. Other Highlights

Full Google Play App Experience

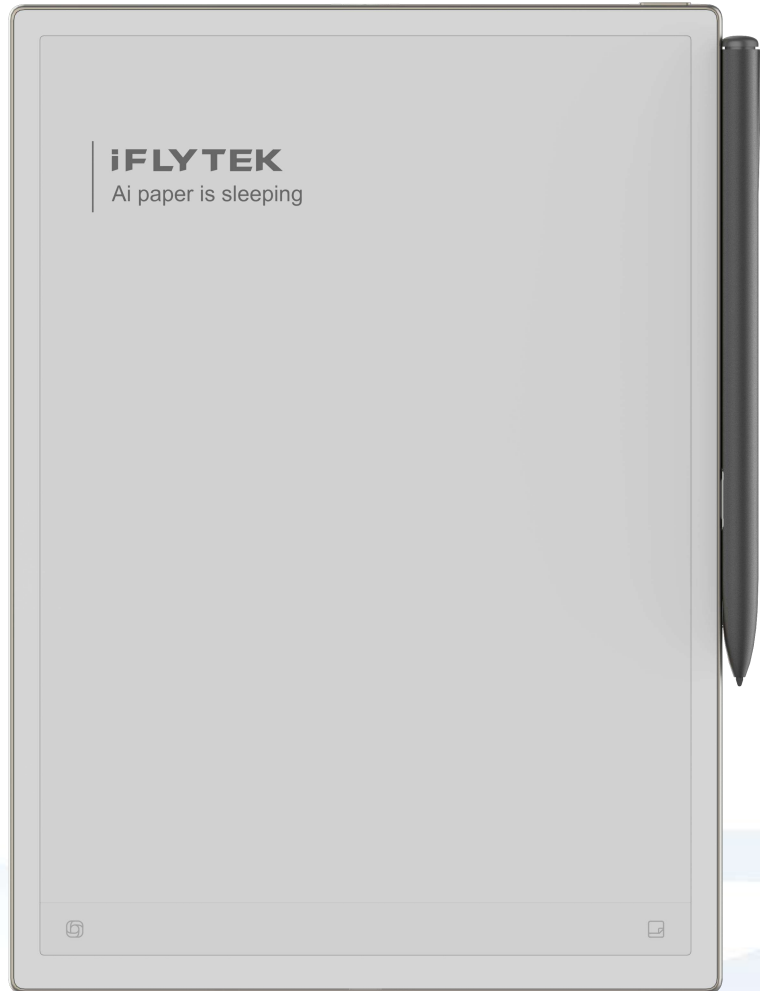

AINOTE Mobile / PC

Professional multi-platform note-taking software, covering note-taking needs in all scenarios. Offers a multi-level note library system with cloud account synchronization, providing a complete cloud-and-device office ecosystem.

Question: What are you using for taking notes?

Question: What are you using for taking notes?

Paper Note

Laptop

Mobile Phone

iPad with Apple Pencil

Question: What are you using for taking notes?

Paper Note

- *Difficulty of searching*
- *Loss of risk*
- *Editorial inconvenience*
- *Environmental Impact*
- *Visibility problems*

Laptop

- *Hassle of operation*
- *Lowering concentration*
- *Battery break risk*
- *Impact on vision*
- *Equipment failure*

Mobile Phone

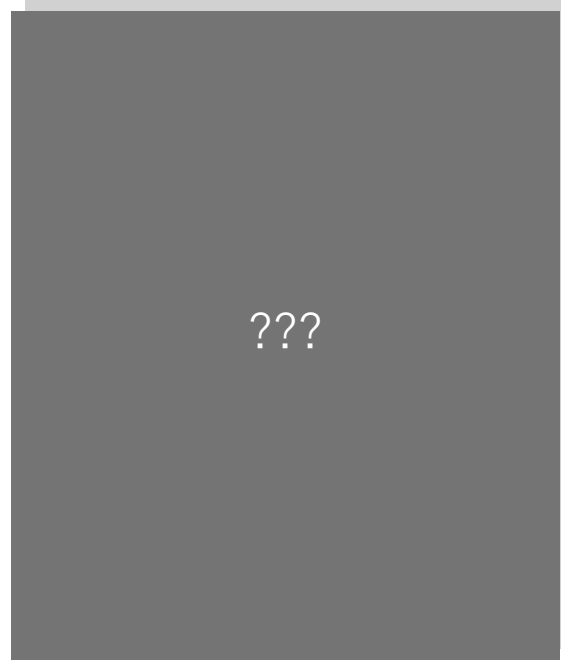

- *Screen size*
- *Malfunction*
- *Battery dependence*
- *Eye fatigue*
- *Data loss risk*
- *Input delay*

iPad with Apple Pencil

- *High cost*
- *Data loss risk*
- *Complexity of operation*
- *Impact on vision*
- *Difference in writing*
- *Digital barriers*

Therefore, we require a device:

Keeping the benefits of writing, dealing with the shortcomings and raising efficiency through the function of AI

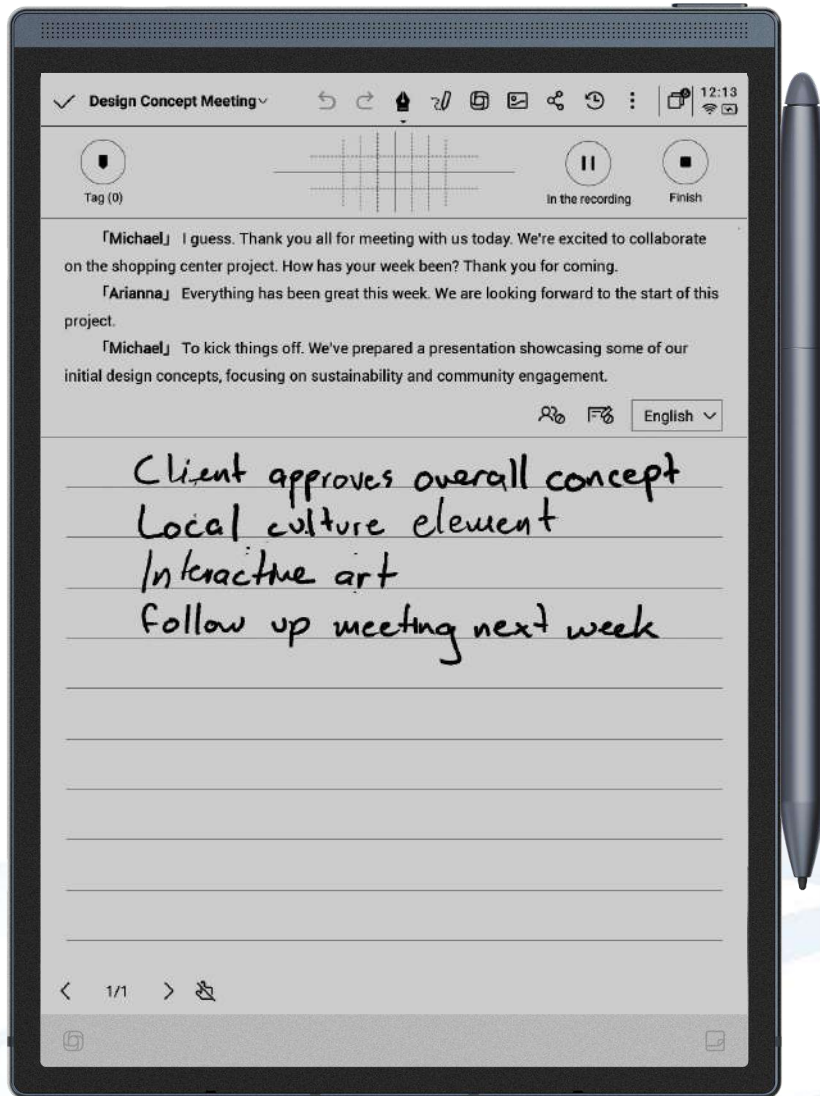

AINOTE Air 2

YOUR VOICE YOUR NOTE

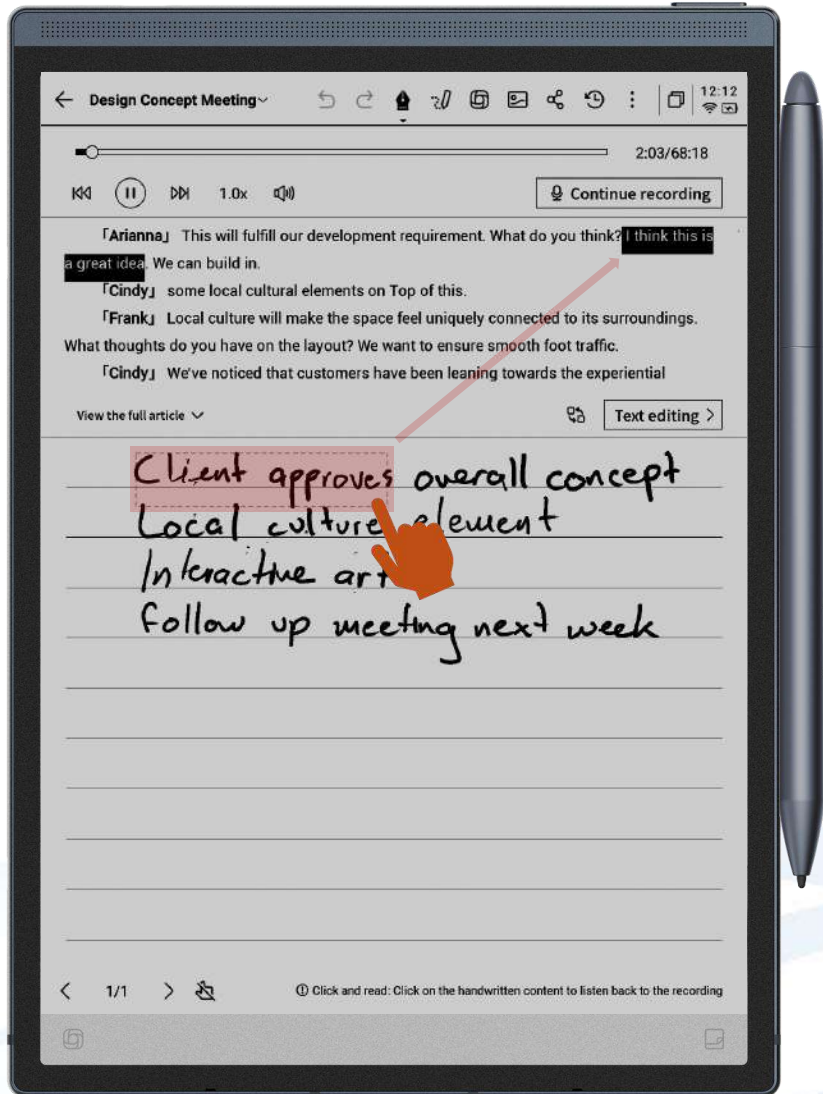

Part 1

A Note-Taking Method

Full meeting recording:

- **Free** real-time Voice-to-text
- Supports multi-user mode with speaker differentiation
- Focuses on key meeting points, with handwritten notes available

Quick review

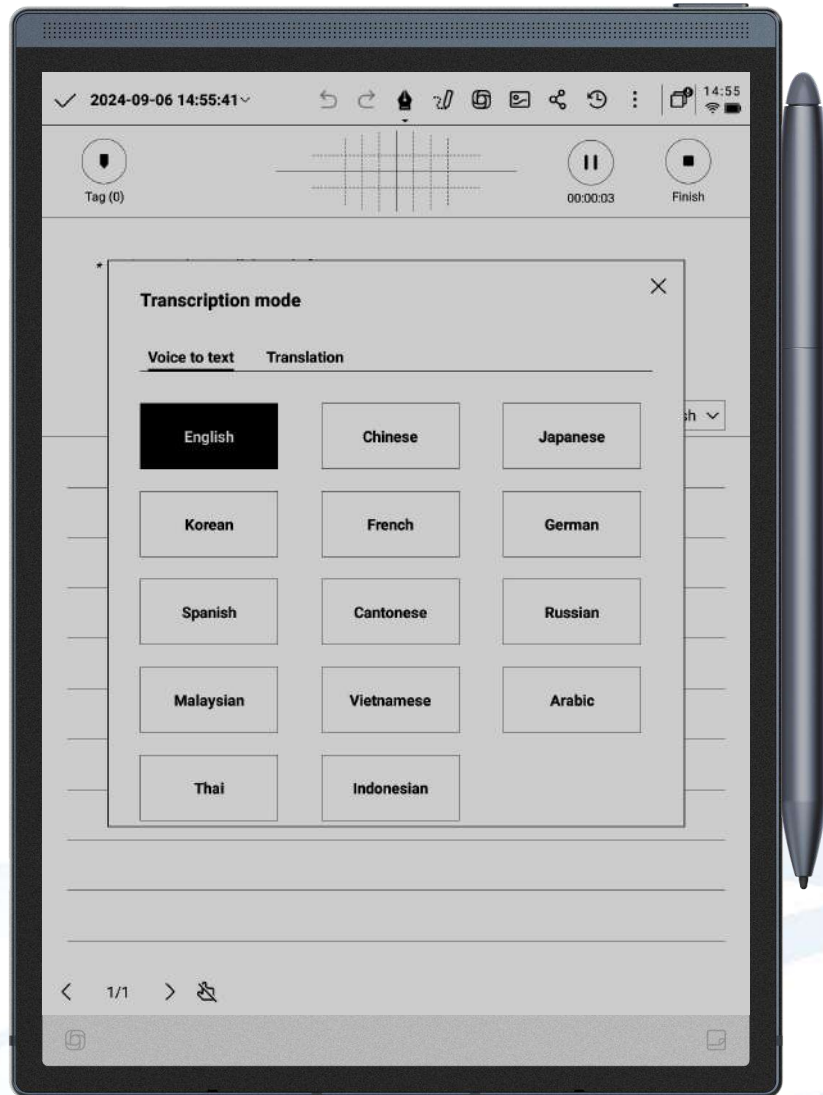

Supports clicking on handwritten notes after the meeting to quickly locate corresponding audio and text content.

Meeting summary

Automatically generate a summary after each meeting, leveraging ChatGPT capabilities.

*Requires personal OpenAI API Key for functionality.

Multi-language support

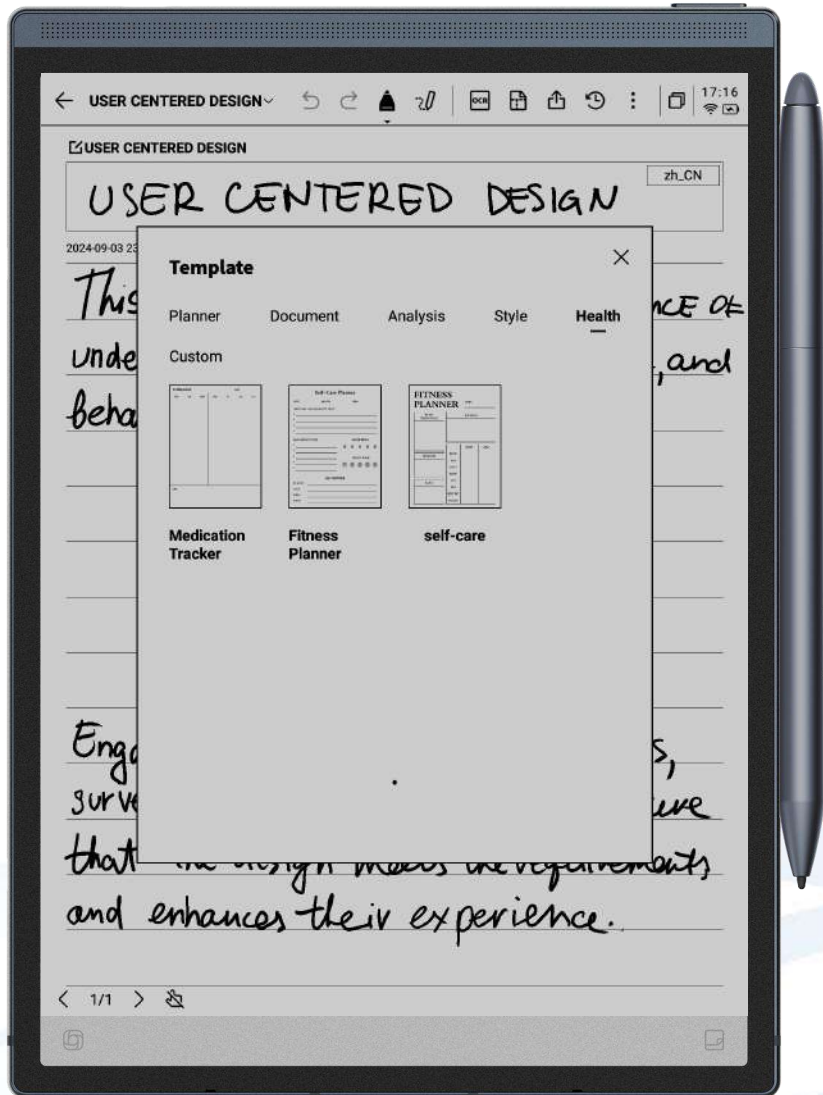

- **Support for Multiple Languages in Voice-to-Text**

*The server supports 15 languages.

- **Support for Multilingual Translation**

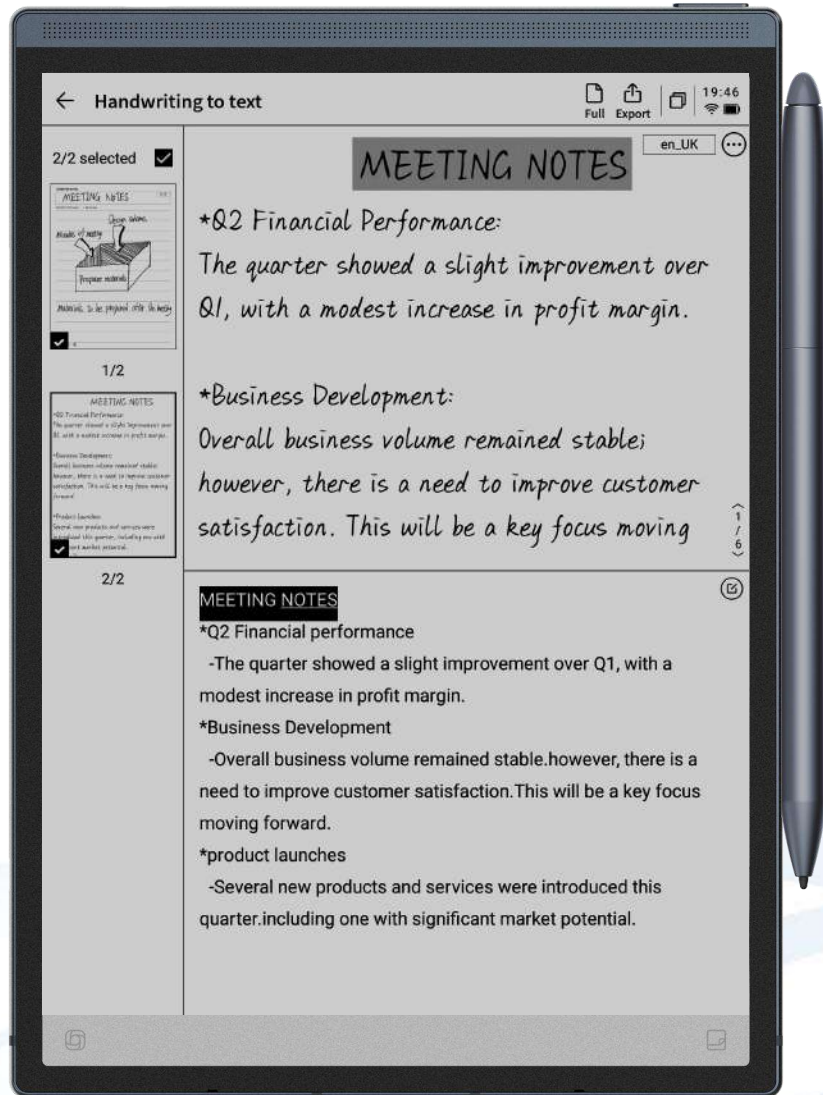

*The server supports 10 languages.

- **Continuously expand the scope of support**

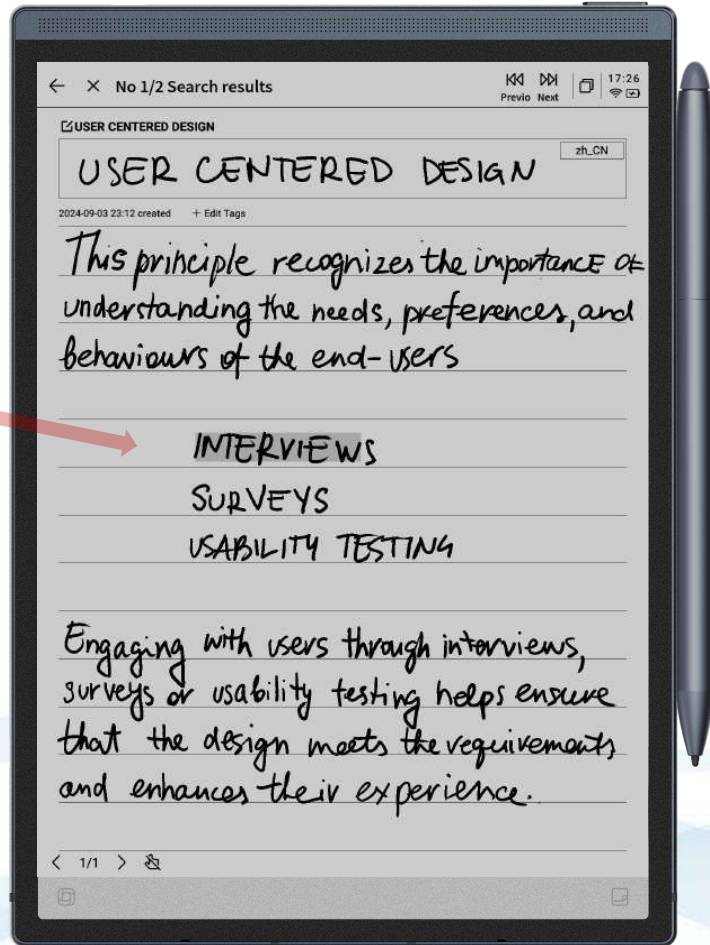

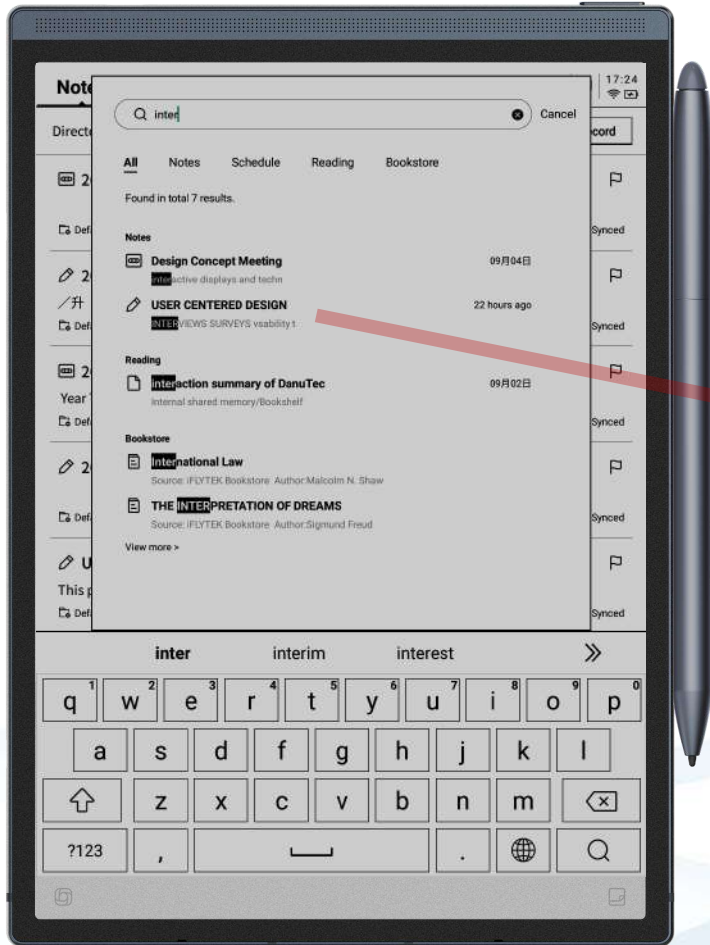

Comfortable handwriting experience

- Variety of handwriting pen options
- Rich variety of note templates with customization support

Handwriting-to-text

- Automatic conversion of handwriting to text
- Recognition results automatically linked to handwritten content.

Find everything

- All note content is fully searchable

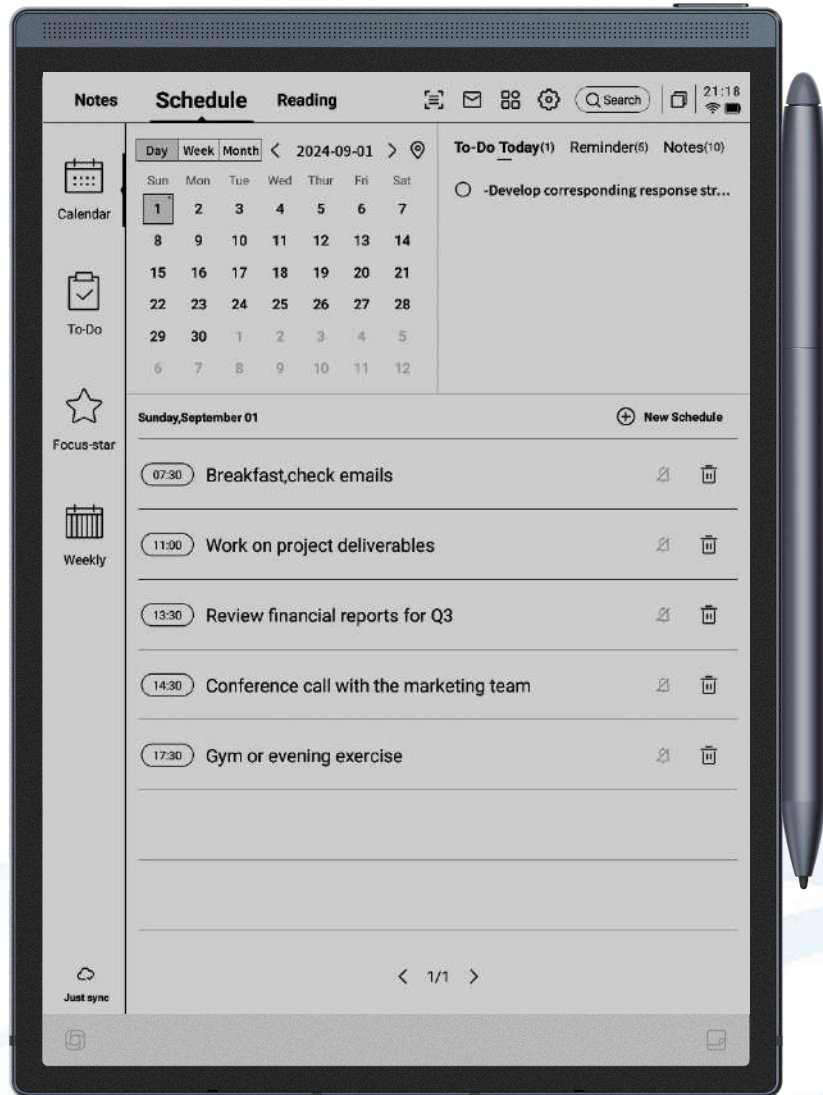

Notes are never lost

- Sync notes with the [**Doxent**] app.
- Easily access and manage your notes
- Access historical notes anytime, anywhere

Part 2

A Task Management Method

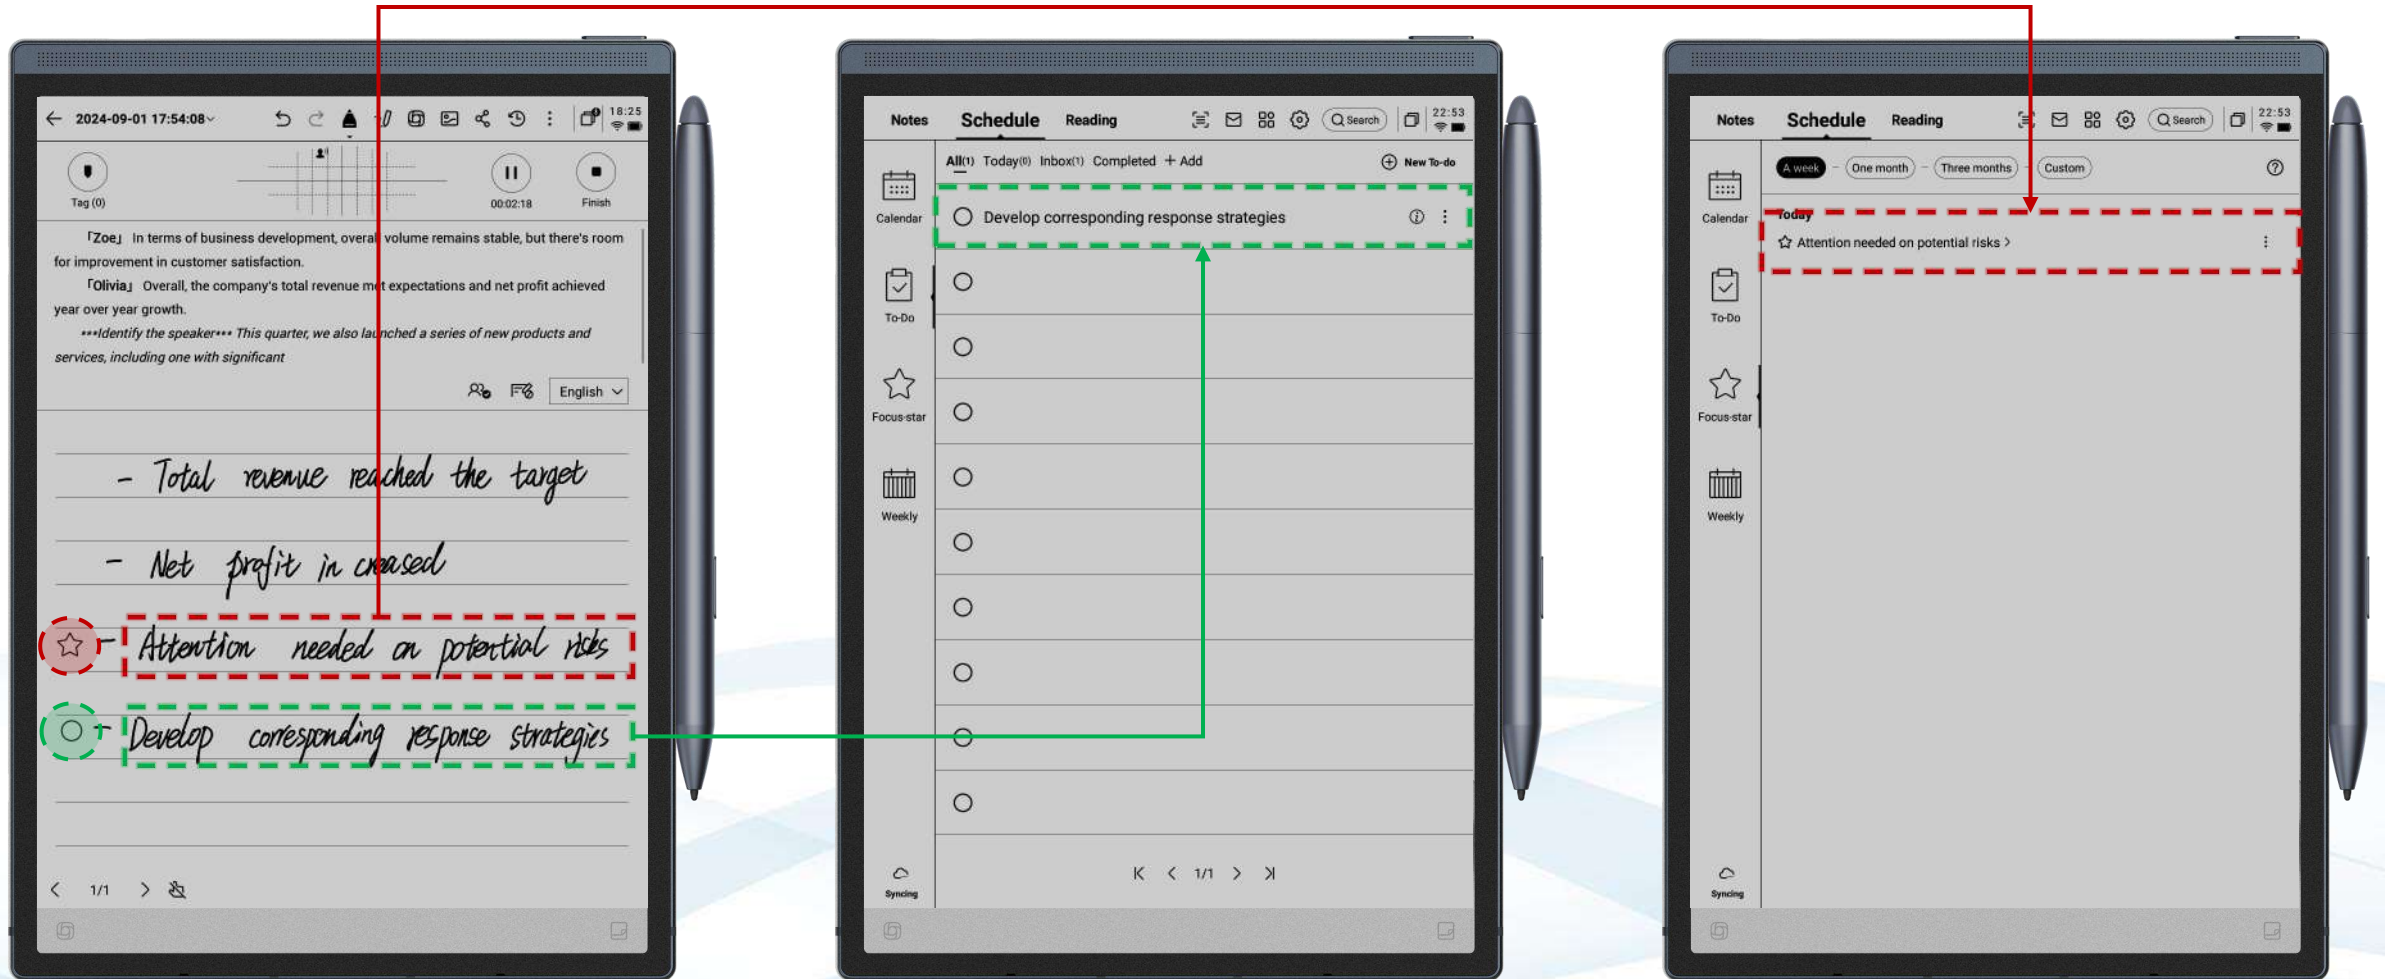

Overview of daily tasks

- Easy daily task viewing
- Pop-up notifications remind you of upcoming tasks.
- Offers a variety of views for better task management.
- Supports different types of tasks and priorities.

Markings and automatic collection

- Press the pen button to draw shapes for marking during note-taking
- Automatic collection and efficient tracking

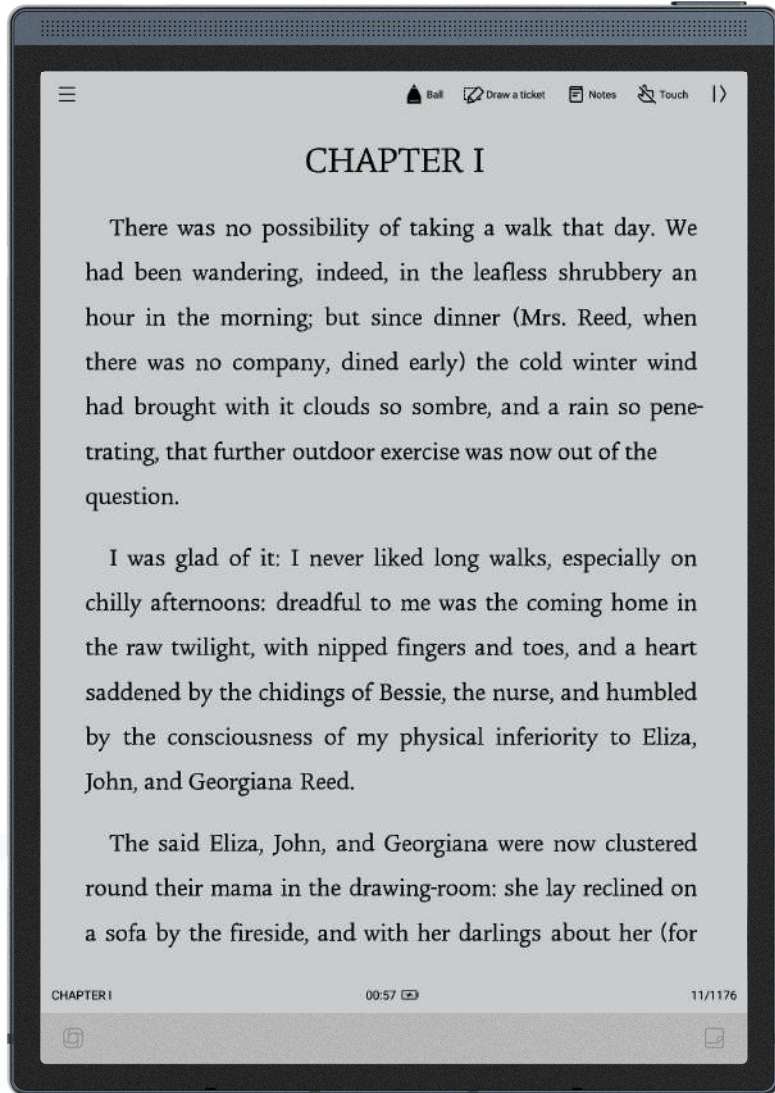

Full grasp of weekly activities

View all events, meetings, and completed tasks for the week.

Part 3

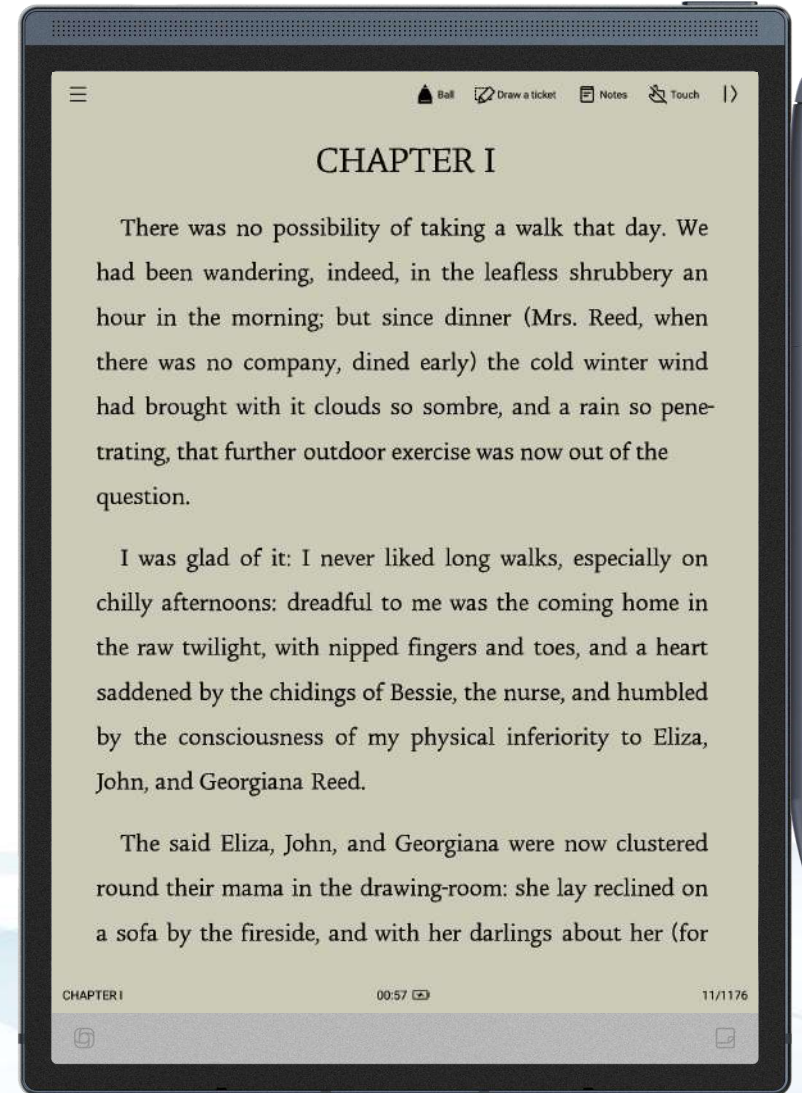

A Comfortable Reading Experience

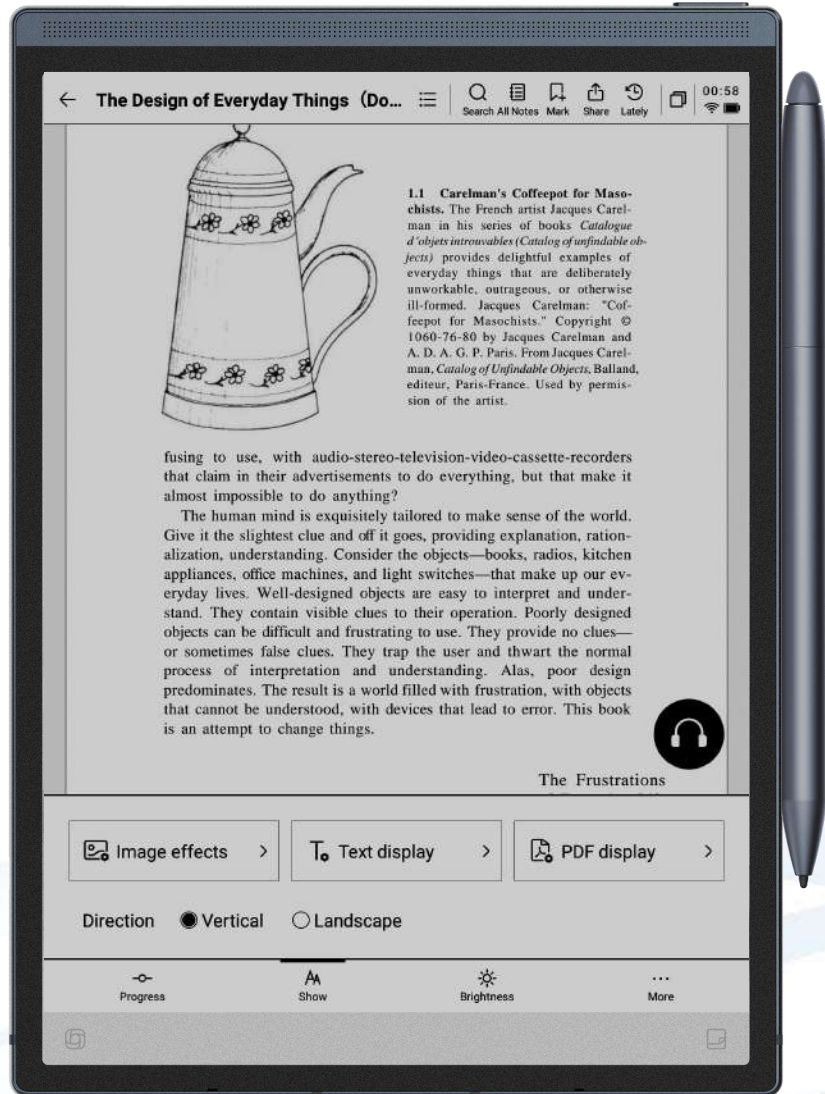

Decorative wavy lines in shades of light blue and white, creating a sense of motion and depth at the bottom of the slide.

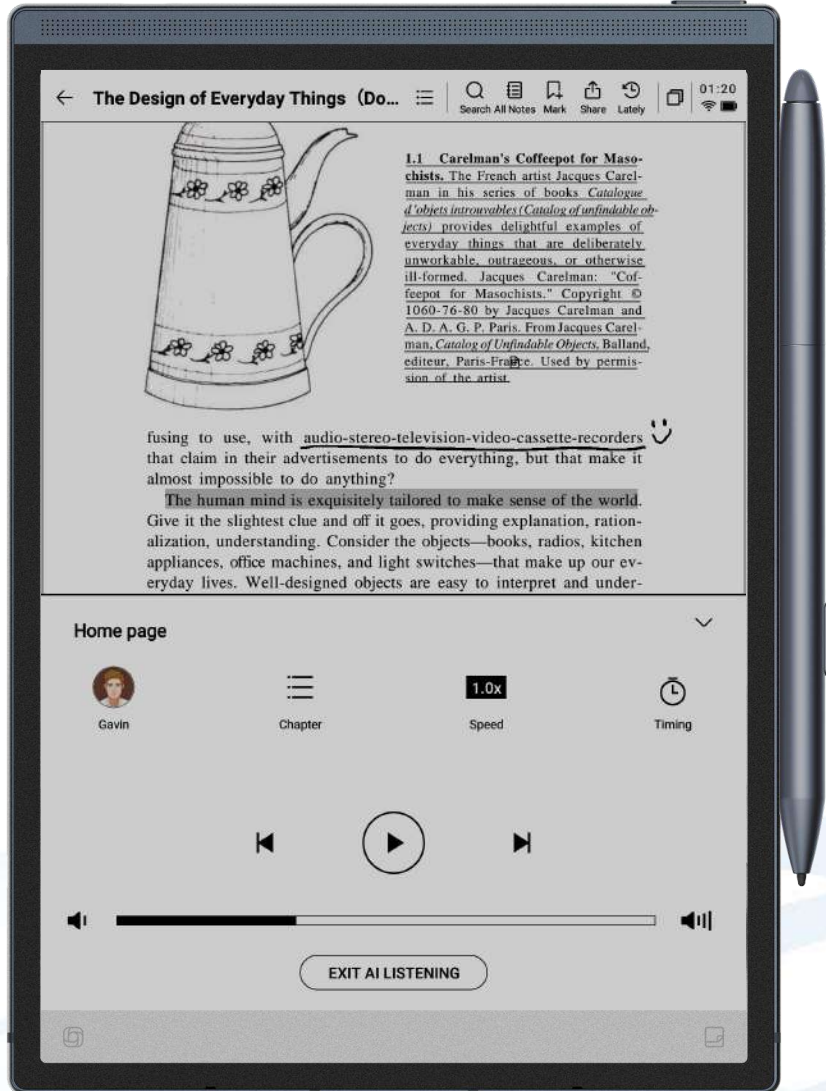

Cold and warm light options for optimal comfort.

24-level adjustment

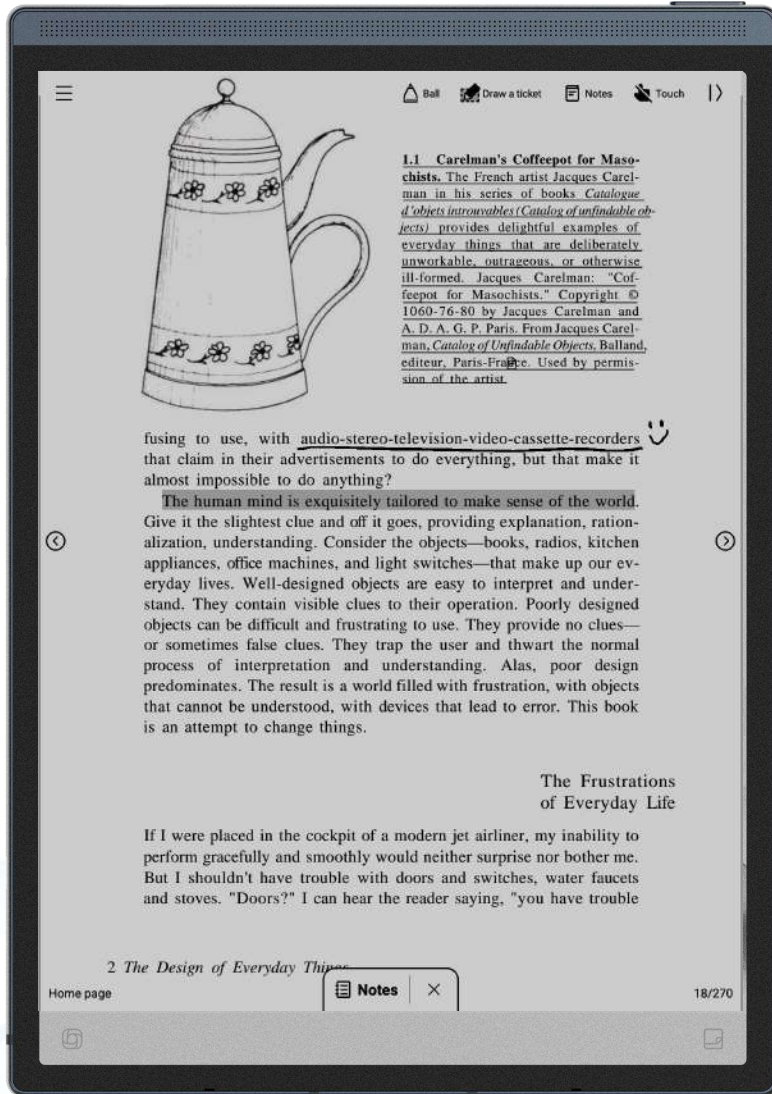

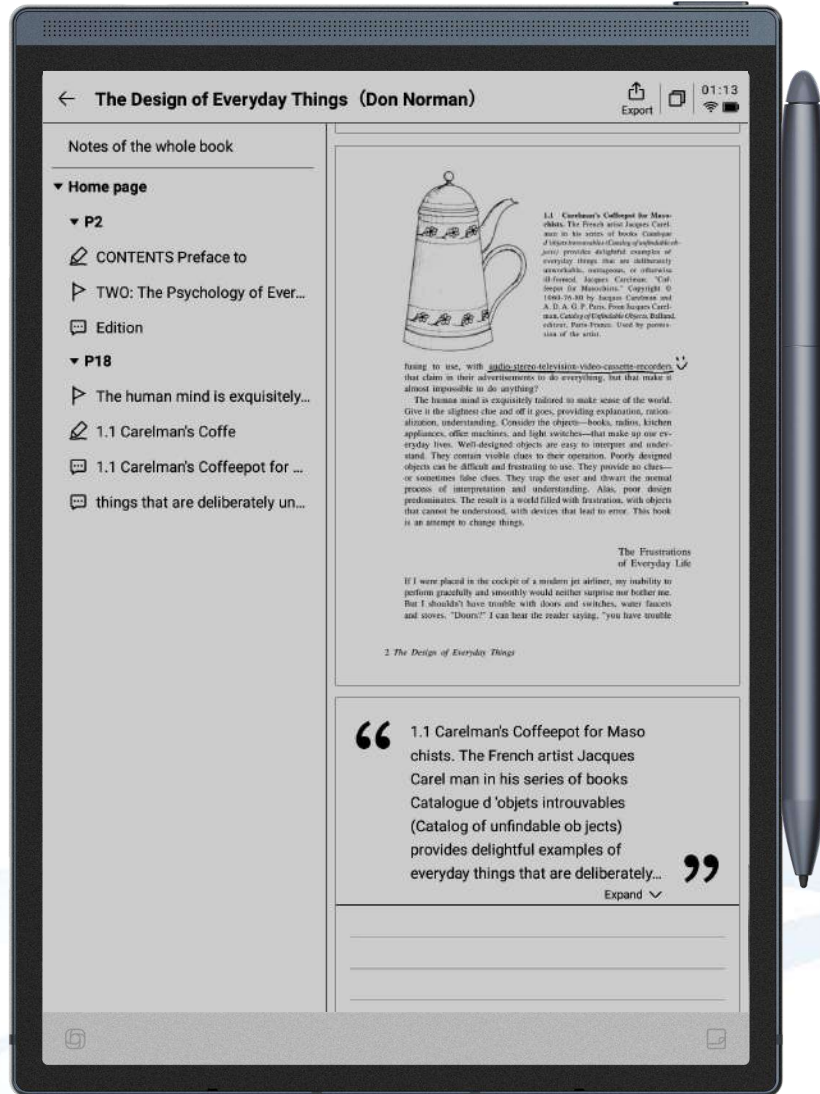

- Supports various formats: PDF, epub, mobi, txt, and more.

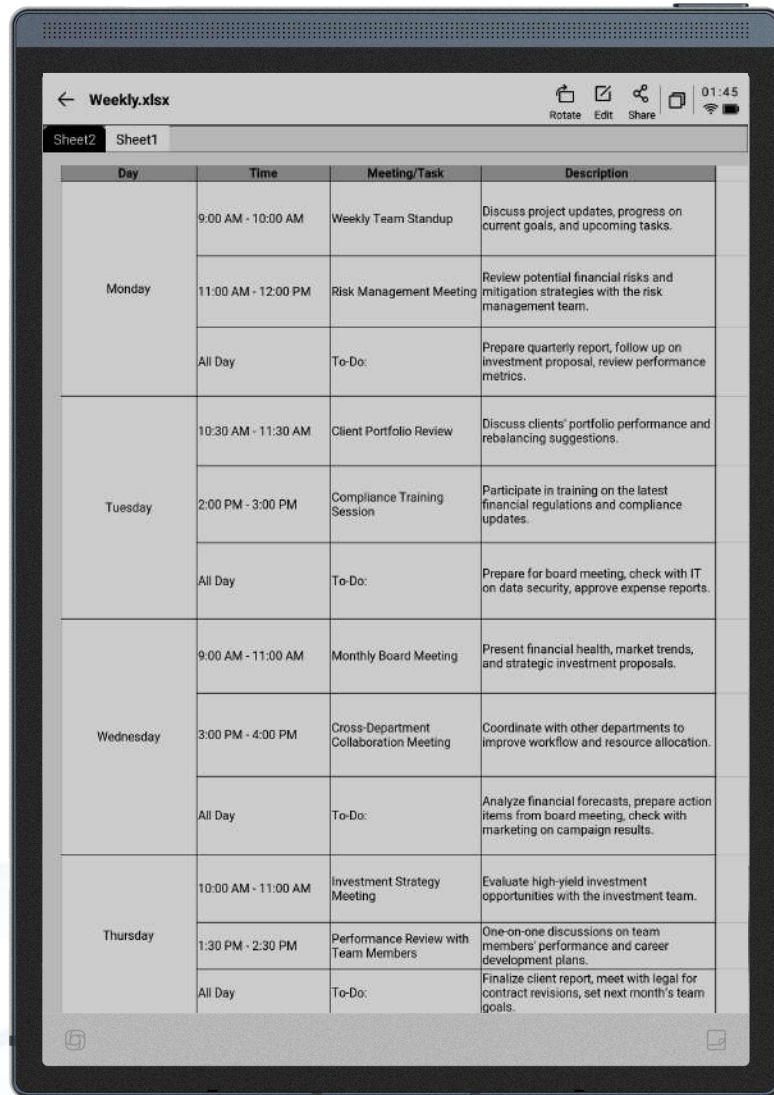

- Listen to e-books while reading.

- Highlight, annotate, and extract text during reading.

- Organize all reading notes automatically.

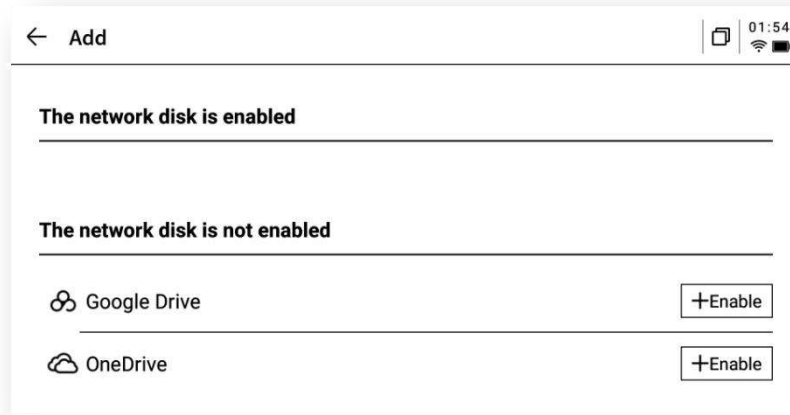

The image shows a tablet displaying a spreadsheet application. The spreadsheet is titled "Weekly.xlsx" and is viewed on "Sheet1". The table contains a weekly schedule with columns for Day, Time, Meeting/Task, and Description. The schedule is as follows:

Day	Time	Meeting/Task	Description
Monday	9:00 AM - 10:00 AM	Weekly Team Standup	Discuss project updates, progress on current goals, and upcoming tasks.
	11:00 AM - 12:00 PM	Risk Management Meeting	Review potential financial risks and mitigation strategies with the risk management team.
	All Day	To-Do:	Prepare quarterly report, follow up on investment proposal, review performance metrics.
Tuesday	10:30 AM - 11:30 AM	Client Portfolio Review	Discuss clients' portfolio performance and rebalancing suggestions.
	2:00 PM - 3:00 PM	Compliance Training Session	Participate in training on the latest financial regulations and compliance updates.
	All Day	To-Do:	Prepare for board meeting, check with IT on data security, approve expense reports.
Wednesday	9:00 AM - 11:00 AM	Monthly Board Meeting	Present financial health, market trends, and strategic investment proposals.
	3:00 PM - 4:00 PM	Cross-Department Collaboration Meeting	Coordinate with other departments to improve workflow and resource allocation.
	All Day	To-Do:	Analyze financial forecasts, prepare action items from board meeting, check with marketing on campaign results.
Thursday	10:00 AM - 11:00 AM	Investment Strategy Meeting	Evaluate high-yield investment opportunities with the investment team.
	1:30 PM - 2:30 PM	Performance Review with Team Members	One-on-one discussions on team members' performance and career development plans.
	All Day	To-Do:	Finalize client report, meet with legal for contract revisions, set next month's team goals.

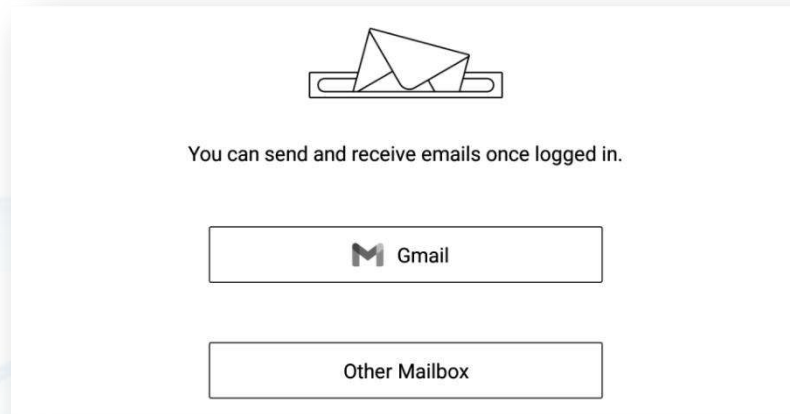

- View and edit Office documents seamlessly

Additional features are also available

- **Google Drive/OneDrive**

- Supports file downloads for viewing

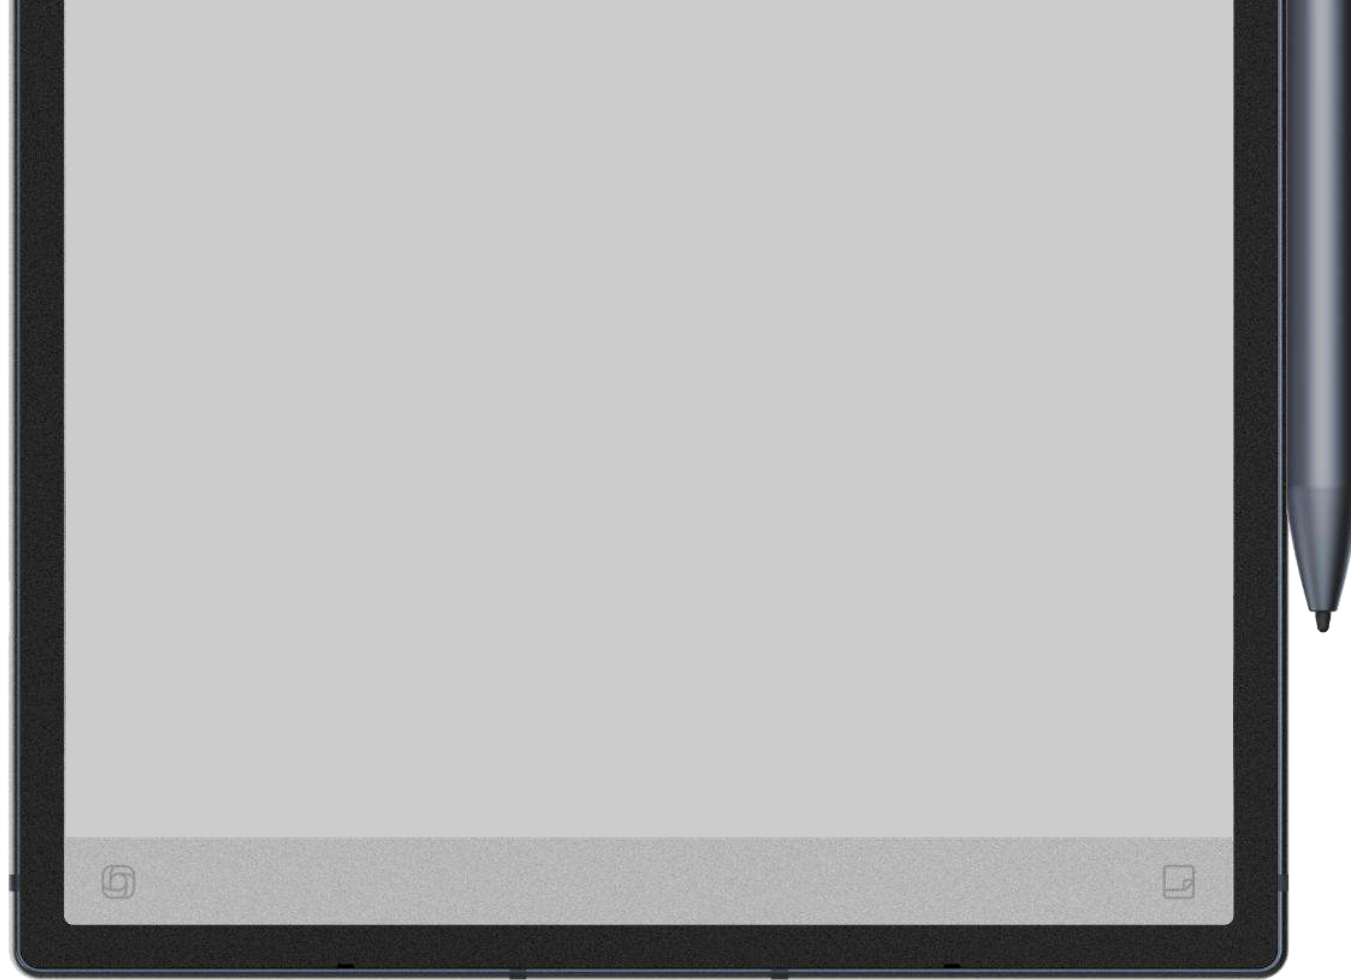

- **Email login and management**

- Support for sending and receiving emails
- Handwritten emails

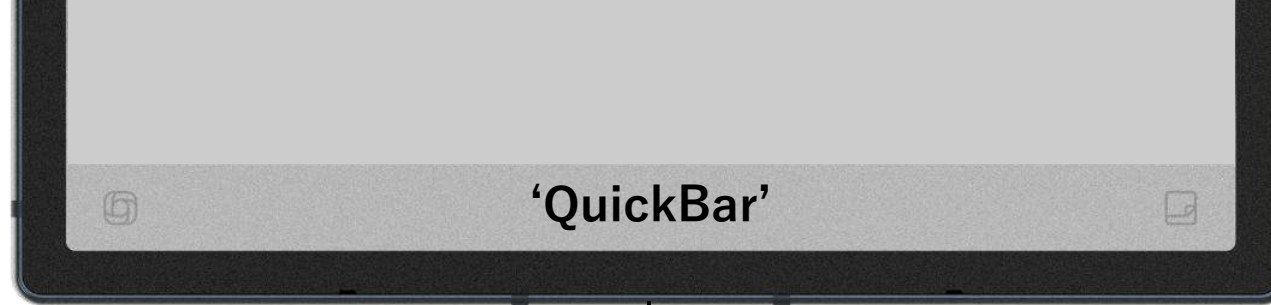

Camera for scanning documents

Scan paper documents and store them electronically
