ABOUT US

Smart Equipment Trading founded in 2007 has grown as one of the leading companies engaged in Trading, Importing, Exporting, Consulting, Designing, Manufacturing, Installing, Commissioning and Maintenance of Supermarket, Kitchen, Bakery and Laundry equipment.

Smart Equipment Trading has over 15 years of experience in UAE and Sultanate of Oman. The company is a transparent, well-governed, financially sound company with a reputation for impeccable integrity. The company primary focus is on providing quality products and services supported by a dedicated after-sales service. The company long-standing presence in highly challenged marketing environment is by itself a testimony of its enduring success in Middle East.

Smart Equipment Trading is recognized for its good governance and reporting standards. Business ethics, honesty and integrity are central to our corporate culture throughout our operations and the conduct of all our business relations. Our target of becoming the trend setter and market leader in the hospitality and related services and to become an "all in one call" service provider in the trading industry.

A woman with blonde hair, wearing a white sweater and blue jeans, is pushing a metal shopping cart filled with various groceries. The cart contains items like yellow bell peppers, a pineapple, a bag of lettuce, a container of meat, and several boxes of food. She is walking on a dark tiled floor towards a checkout counter. The counter has a red and black design and features a large red sign with the number '6.' and a smaller sign that says 'L'S/TEES'. There are two computer monitors on the counter, and a cashier is visible behind the counter. In the background, there are shelves stocked with various products, and other customers are visible in the distance.
