OUR SERVICES

Tents manufacturing

Star Tents are capable to manufacture heavy duty tents which can take wind load upto 160km/h to stain in harsh weather. Tent design with aluminium hard alloy T6, 6061 & 6063 Alloy. Opaque PVC/ Blockout PVC will protect heat and save cooling inside the tent. We are guaranteeing each piece and components like webbing, zippers, fasteners, and poles have passed the standard standards.

Before the tent is sent for delivery, our supervisors keenly examine every bit and part. All our tent cloth goes through an intensive testing procedure wherever the team examines each cloth roll for various properties like water resistance, abrasion resistance, color quality and weight.

Tents Rental Service

We offer a wide range of tents for rentals. Whether it's a Wedding Tents, Beach Tents, Arcum Tents, Majlis Tents, Dome Marquee Tents, Habitation Tents, Labor rest area Tents, Exhibition tents, Storage tents, Boat tents, Shelter tents & Spherical Tents. Our goal is to provide safe and stylish yet cost-effective solutions to businesses and domestic events across the UAE.

We also have a tendency to provide complete event ornament, carpet flooring, stage, sofa, chairs & tables, wash basins, toilets, AC, room cooler, sound system & Generator appropriate for

each occasion like Ramadan, Wedding, Banquet, Exhibition, Conference, company event, etc.

1. TENTS

We are capable to provide each little and huge scale size tent with all offer and installation services. Being one of the most effective tent suppliers in Dubai, we have a tendency to supply the best quality tents across UAE. Before the tent is sent for delivery, our supervisors keenly examine every bit and part. All our tent cloth goes through an intensive testing procedure where the team examines each cloth roll for various properties like water resistance, abrasion resistance, color quality and weight.

I. EVENT / MARQUEE TENTS

Star Tents offers **high quality Event / Marquee Tents for rent and sales at reasonable rates across the UAE**. Our team will help you opt for the best event tent based on your requirements and will also install these tents at the location, ensuring a hassle-free event setup for you. Reach out to us for further details regarding our event tent rentals.

II. MAJLIS TENTS

Star Tents makes sure to keep the tent's authenticity and design it in a way that is still relatable to UAE cultural values. However, several modern things have been added to the Majlis tent's interior, like the majestic style carpet instead of mats. The traditional cushions are replaced with modern rectangular mattresses to add more comfort for the guests.

III. CAMPING / CANVAS TENTS

Canvas Tents are usually used for Camping, they are portable and relatively easy to setup. Modern canvas is usually made from cotton or linen coated with water resistance materials, there are polyester versions as well. These tents are more breathable, quieter and durable compared to Plastic tents. Canvas is also a better insulator than nylon or polyester.

IV. GAZEBO TENTS

Gazebo tents are incredibly versatile and cater to various events, whether it's a small gathering, a family reunion, a grand wedding, a festive celebration, or an exhibition showcase. Available in sizes ranging from 3x3, 4x4, 5x5 to 6x6 meters, with a convenient 2.5 meters slide height, these tents boast a sturdy aluminum framework for robust support. Star Tents provide installation services and supplying these tents across UAE.

V. STORAGE TENTS

These tents are easy to set up, heavy duty and can store all the different sized items with ease, which also makes them an ideal alternative while moving places or if you have recently moved to a new house – store your cartons in these tents and keep unpacking at your own space.

VI. ARMY / MEDICAL TENTS

These tents can withstand winds and other weather conditions, perfect for desert camping like Jabel Jaish. All of our tents follow safety guidelines enable comfortable area. These tents are not only keep safe from direct sunlight but also block the heat in the process. Our experts also help you install these camps at remote sites within minutes across UAE.

VII. LABOR REST AREA TENTS

Star Tents manufactures customized labor rest area tents to meet your requirements. Our experts also offer the installation of these tents, so you don't have to go through the hassle yourself. All of our tents follow safety guidelines enabling your employees to comfortable resting areas. You can order your labor rest area tents for commercial spaces throughout UAE.

VIII. CLEAR SPAN MARQUEE TENTS

Clear spans are tent-like structures with a large space. These tents are perfect for large-scale events like weddings, exhibitions, sports hall and corporate hospitality events where many people, stalls, and remote stations can be set up. Clear span tents can be installed for permanent use, yet still retain their portability if the user ever wants to relocate their structure.

IX. POLYGON / MULTISIDED TENTS

Because of advanced and stronger roof structure, Polygonal tents have better resistance to wind, and it is a perfect choice for Sports Halls, Storage and Warehouse. The most commonly used multisided tents are hexagon / polygon tents. The number of sides increases with the tent size and supporting poles are used on large tents.

X. DOME / IGLOO TENTS

Dome tents captivating architecture will make your guests feel special. This Tent is also known by many names like Galaxy, Dome & Garden Igloo Tents. We manufacture and supplies unique design dome tent/igloo tent for events. This structure is very durable and can be customized to any size as per our client's requirement.

XI. PINNACLE TENTS

They are also known as Chinese hat tents or Marquee Tents. Pinnacle tents are easier to transport, assemble and dismantle.

Installation can be performed by two people due to the reduced amount of hardware. This design helps to maximize the usable space underneath and at the same time eliminate the need for interior frames or support poles.

XII. ARCUM TENTS

These tents are widely used for outdoor events, music festivals, temporary check points and wedding parties. The arc roof design and structure give a capacious and more modern feel to Arcum tent, it has a clear span of 3-30 meters. For the frame work we are using hard pressed extruded aluminum alloy.

2. CAR PARKING SHADES

Star Tents, the foremost Car Parking Shades Supplier in UAE, boasts over 10 years of expertise. Specializing in the design, manufacturing, installation, and upkeep of top-notch car parking shades across Dubai, Sharjah, Abu Dhabi, and various Emirates, we stand out among car parking shades manufacturers in the region.

Utilizing PVC Fabric and HDPE material, our shade installations offer a variety of designs, available in standard and custom sizes based on client requirements. The car parking shades can be installed individually or in series, aligning with the specified plan layout for optimal shade coverage.

I. UMBRELLA / UNIPOLE PARKING SHADES

The umbrella car parking shades come with maximum visual comfort, these shades usually consist of a single supporting structure such as a beam or a column that is fixed to the ground, this results in minimum physical obstruction with three ends open to park the cars easily and safely.

II. TRUSS TYPE PARKING SHADES

Star Tents offers beautiful truss type car parking shades to both commercial & residential clients. Compared to traditional style of construction, Truss structures are more eco-friendly and needs less material with minimal structural support which helps to reduce cost without sacrificing quality and durability.

III. MASHRABIYA PARKING SHADES

Our shade structures are meticulously designed and crafted to provide not only relief from the sun's harsh rays but also to enhance the aesthetics of outdoor spaces. Like our Mashrabiya shades, structures blend functionality and style to create comfortable environments.

IV. FLAT PERGOLA TYPE PARKING SHADES

Flat Pergola Type car parking shades come in a variety of styles and materials, including wood, metal, and vinyl. They can be freestanding or attached to a building or wall. Star Tents allows you to pick a high-quality shade that can make your shades functional and aesthetically beautiful.

V. WALL MOUNTED PARKING SHADES

Wall Mounted Parking Shade is a sleek and innovative solution designed to protect your vehicles while maximizing space efficiency. This Mounted Shed offers the perfect combination of durability and modern design, making it an ideal choice for both residential and commercial properties.

VI. CANTILEVER PARKING SHADES

Cantilever parking shades protect vehicles from the sun, wind, and rain with a single support beam that extends from one side of the structure. They are often used in residential driveways, small parking lots, and other spaces where traditional support pillars are not practical. Star Tents offers top-grade cantilever shades with durable materials across UAE.

VII. CANTILEVER WITH BOTTOM SUPPORT

These parking shades are supported with the bottom to protect vehicles from the sun, wind, and rain. They are often used in residential driveways, small parking lots, and other spaces where traditional support pillars are not practical. Star Tents offers top-grade cantilever shades with durable materials across UAE.

VIII. DOUBLE SUPPORT CANTILEVER

Star Tents offers beautiful double cantilever car parking shades solutions to both commercial & residential clients in the UAE. Compared to traditional style of construction, Cantilever structures are more eco-friendly and needs less material with minimal structural support which helps to reduce cost without sacrificing quality and durability.

IX. BESPOKE DESIGN PARKING SHADES

We design and install all bespoke design parking shades to suit your exact needs. Our professional team can give advice and guidance throughout the process from concept to select the right material and to the installation.

X. PVC FABRIC PARKING SHADES

Polyvinyl chloride (PVC) shade fabric is known for its strength and weather resistant properties, making it an ideal choice for car parking shade structures in harsh environmental conditions. The material is highly durable and can withstand extreme temperatures and heavy rainfall.

XI. SHS PARKING SHADES

Star Tents offers beautiful SHS car parking shades to both commercial & residential clients. Compared to traditional style of construction, SHS structures are more eco-friendly and needs less material with minimal structural support which helps to reduce cost without sacrificing quality and durability.

XII. SOLAR PANEL PARKING SHADES

By installing solar panels on the car parking shade, you protect cars from UV rays and efficiently utilize solar energy for powering various electrical components of your car parking area. It also benefits you in the long run as it requires low maintenance, and you can utilize solar energy to cut down your bills.

XIII. GRP PARKING SHADES

Glass Reinforced Plastic or GRP Car parking Shades is just what you need to protect your cars from the scorching heat of sun which blocks 99% of UV radiation. We offer all kinds of GRP car parking shades for commercial and residential spaces across the UAE.

XIV. K-SPAN PARKING SHADES

K Span Car Parking Shades effectively shield vehicles from harmful UV rays while providing a sleek, unobtrusive design. Built to meet both commercial and residential standards, these shades are heavy-duty and long-lasting, making them ideal for the harsh weather conditions in the UAE.

XV. K-SPAN PARKING SHADES—INDUSTRIAL SE

The industrial K-Span Parking Shade system is engineered for heavy duty use in factories, logistics yards and warehouses. Designed from wide-span curved panels, these shades provide full coverage for large vehicles, trucks, and machinery.

Built from galvanized steel panels with PVDF finish, they guarantee exceptional resistance to corrosion and harsh weather conditions—making them perfect for UAE's industrial zones.

XVI. K-SPAN PARKING SHADES—COMMERCIAL

Commercial K-Span Combines modern architecture with efficient functionality. Designed for malls, offices, and public parking facilities, it offers superior UV protection while maintaining a sleek, professional appearance.

Lightweight yet robust, the structure is fabricated on-site for precise alignment and quick installation. With a lifespan of 20 years.

XIV. K-SPAN PARKING SHADES

K Span Car Parking Shades effectively shield vehicles from harmful UV rays while providing a sleek, unobtrusive design. Built to meet both commercial and residential standards, these shades are heavy-duty, and long-lasting, making them ideal for harsh weather conditions in the UAE.

3. SUN SHADES

A large, curved, yellow sun shade structure covers an outdoor area. The structure is supported by a metal frame with a central vertical pole. The ground is covered with artificial green turf, and a blue court with white lines is visible. The background shows a building with a glass facade and a clear blue sky.

We are a customer-oriented sun shade provider in UAE. Subsequently, all our Shading Solutions are customized to accommodate your particular necessities and requirements. Our items are tastefully satisfying and imaginative as well as truly solid to oppose the cruel climate of the space. Our emphasis on quality with reasonableness settles on us the ideal decision for you. On the off chance that your shading solutions need the ideal mix of excellence with usefulness, contact Star tents providers quickly and get the best garden shading solutions in Dubai. Contact us for booking.

I. AWNING SHADES

Awning shades are essential for any outdoor space, from dining to waiting areas and beyond. They provide excellent protection from the scorching sun and heat. We provide a complete 360 service when it comes to adding this contemporary shade to your existing brick and mortar setting.

Ia. DOME AWNING SHADES

Our team manufactures, supplies, and installs Dome Awning shades in both commercial and residential areas. You can also order a custom made awning shade to meet your particular dimensions and other requirements.

II. TENSILE SHADES

Tensile shade structures provide a soothing effect when there is harsh weather outside & block up to 95% of harmful UV rays. Our tensile shades are not only cost-effective but also easily adaptable. They can be resized or modified to fit existing spaces and offering a practical solution for expanding or reconfiguring shaded areas.

III. SCHOOL SHADES

Schools in the United Arab Emirates require shades to keep children safe from the sunlight and direct heat during assemblies and recesses. It is why they opt for school shades which are designed to block sunlight and heat and provide shadow to the students. Star Tents offers school shades in different shapes, sizes, and dimensions to help you cover the entire outdoor area for students.

IV. PLAY AREA /PARK SHADES

At Star Tents, we have a tendency to awaken you to the best variety of sun shading structures that are made-to-order to fit your needs, and affordability. Our shading solutions will stop up to the ninetieth of the sun's heat and ultraviolet rays, warding off the warmth and glare that may interrupt your fun-filled outdoor activities

V. SWIMMING POOL SHADES

Swimming pools in places like the UAE require extensive care, part of which is keeping them covered. Residential and commercial spaces in the UAE have now started opting for top-quality swimming pool shades to keep dust and debris from falling into the pool. These shades also keep the swimmers safe from the scorching sunlight during the day.

VI. WALL FENCES

Wall fences are a neat way to draw a boundary line on your residential or commercial property. A lot of people in the UAE have started opting for wall fences instead of full-fledged walls on their premises to enhance the aesthetics of their place and make the place feel more spacious.

Star Tents are experts that provide the best quality wall fences in addition to installation services in Dubai, Sharjah, Ruwais, Madinat Al Zayed, Abu Dhabi, and all other corners of the UAE. We can also install top-grade wall fences at remote resorts built on the outskirts of these cities. Reach out to us today to get a quote or over your premises with an affordable contemporary wall fence.
