PANEL BLINDS

Manufacturers & Suppliers (UAE)

The basic function of the **Panel Blinds** is to provide total control over the amount of light coming from entering a room. While panel blinds are often seen as a modern window covering option, their versatility and simplicity ensure they are equally attractive in more traditional settings. Panel blinds offer smart solutions.

ROMAN BLINDS

Manufacturers & Suppliers (UAE)

Roman Blinds can change the look and feel of a room. One of the significant and unique features of roman blinds is that these can be made from both thick and thin material fabric. Our collection of roman blinds spans from finely spun silk fabric to the most durable raw materials like plastic. The most sought-after roman blinds are linen and cotton.

VISION BLINDS

Manufacturers & Suppliers (UAE)

Vision blinds are a comparatively new addition to our product range and are quickly becoming a favorite among homeowners. They work by moving two layers of striped, semi-transparent fabric through a free-running bottom bar, allowing precision light control and stylish shading. Vision blinds create a clean, contemporary look.

SAIL SHADES

Manufacturers & Suppliers (UAE)

A Sail Shade is not simply your old blank, and the kingpin would hide a smile if you attempt to use one for a patio shade sail. What shape you choose, how much shade, shade sails cover your patio, swimming pool area, gardens, children's play areas, car parks and other vehicles, and nearly any outside area that needs to keep cool shade from the sun rays.

PLAYGROUND SHADES

Manufacturers & Suppliers (UAE)

Playground shade is an essential part of any playground being built with healthcare costs and the severity of skin damage increasing year over year, the need to protect young skin from harmful UV rays is essential. Shade structures also serve to reduce the ambient heat under the shaded portion of the playground and this can vary by as much as 20 degrees.

PERGOLA

Manufacturers & Suppliers (UAE)

A pergola is an outdoor garden feature forming a shaded walkway, passageway, or sitting area of vertical posts or pillars that usually support cross-beams and a sturdy open lattice, often upon which woody vines are trained. The origin of the word is the Late Latin pergola, referring to a projecting eave.

CAR PARKING SHADES

Manufacturers & Suppliers (UAE)

Parking shades do more than protect vehicles. They beat the scorching sun, guard against rain and sand, and cut interior heat, reducing AC use. By installing durable shades, homeowners and businesses keep cars safer, extend vehicle life, and raise property value. From site inspection and design to fabrication and installation, we offer complete parking shade solutions.

AWNINGS SHADES

Manufacturers & Suppliers (UAE)

Awnings are coverings attached to the external walls of a building for providing covering over an area and is occasionally used as a signboard or billboard. They are used for protection against sunlight, rain, snow and wind and are generally attached over windows, doors and sidewalks. By using poles for support awnings can be stretched over a large area.

CANOPY SHADES

Manufacturers & Suppliers (UAE)

We often see a canopy during outdoor parties, events and other activities that need a shade or cover either from the sun's warm rays or from a cool summer rain. It can be a cozy fort for grown-ups or a restful retreat for families. A canopy adds life to a party or activity in the evening. Lit with candles and/or the moon, the canopy becomes a softly illuminated nook ideal for champagne toasts.

PARQUET FLOORS

Manufacturers & Suppliers (UAE)

Parquet is a flooring of inlaid woodwork, or pieces of wood fitted together to form a pattern. It could also be the main floor of a theater, especially from the orchestra pit to the part of the theater beneath the balcony and behind the parquet, usually called the orchestra. cherry, mahogany and pecan are the most used hardwoods for making parquet floors.

ROLLER SHUTTER

Manufacturers & Suppliers (UAE)

Roller shutters continue to be one of the most popular and effective type of industrial door, built to endure the toughest conditions and giving you the security and reliability you need from a roller shutter. They are mounted above a door or window and roll down either manually or with a motorized remote control or control panel to cover and protect the door or window.
