

SMART SOLUTIONS

## COMPANY PROFILE

UPVC windows & doors are now very much popular in UAE's due their unique features including strength, durability and lasting .

With a strong dealer network, the company has established itself as a reputed manufacturer and it has all the facilities and expertise and to develop any type of profile. Taqneya transforms potential into performance to make the living and life style more comfortable and happier for the present and next generation.

## About Taqneya Smart UPVC Solutions

Taqneya Smart UPVC Solutions was established with a vision to redefine the approach towards UPVC windows and doors. A mission to come out with the highest quality UPVC profiles for Windows and Doors.

With an in-house manufacturing capacity backed with an expert team, Taqneya offers UPVC windows and doors in various sizes and durability for over 20 years. Taqneya expanded into the UAE market and within no time we have garnered a niche in the market making it the most sought-after name by architects and builders. We are associated with leading international brand that make our windows and doors of world-class standards. We are the exclusive agent for ESEREN Group , offering comprehensive solutions and premium products to meet the diverse needs of our clients.

As the sole representative, we ensure:

- 01 Direct access to ESEREN Group's full range of products and services.
- 02 Competitive pricing with guaranteed authenticity.
- 03 Reliable after-sales support and technical assistance.

# Why Choose Taqneya UPVC?

## 01 Superior Quality :

Every product undergoes precision manufacturing and rigorous testing and finishing to ensure long-lasting quality and low-maintenance guaranteed for 20 years at least.

## 02 Sound and Fireproof:

Our UPVC windows feature multi-chambered, fusion-welded profiles that are tightly sealed to reduce noise, dust, and pollution while improving thermal insulation and energy efficiency. They are also fireproof, crafted with fire-retardant materials that meet international safety standards. In case of fire, they are self-extinguishing, ensuring safety for property and occupants. All guaranteed for a peaceful indoor environment.

## 03 Weather Resistance:

Taqneya's UPVC products are designed to withstand the harshest weather conditions, including extreme heat, heavy rains, and high humidity levels. The profiles do not warp, or corrode, ensuring long-term durability even in challenging environments.

## 04 Post-production Guarantee:

We provide seamless installation, reliable after-sales support, and a comprehensive warranty to ensure customer satisfaction and long-term product performance. Whether you're working on a residential build, a commercial development, or a large-scale industrial project, Taqneya offers tailored solutions designed to meet your needs. Let us help you bring your vision to life with high-quality.

## 05 Cost-efficiency:

Our products offer the perfect balance of quality and affordability. They are durable, energy-efficient, low-maintenance ensuring long-term savings and maximum value for your investment.

## 06 Eco-Friendly Solutions:

Our products replace traditional wood and energy-intensive materials, helping to preserve forests and reduce deforestation. By choosing our UPVC solutions, clients actively contribute to a greener future.

# Our Statements

## 01 Our Vision:

To be the leading provider of UPVC window and door solutions across the UAE and beyond, driving innovation in construction while contributing to a greener, energy-efficient future.

## 02 Our Mission:

We are dedicated to delivering innovative, durable, and sustainable UPVC solutions that exceed industry standards. By focusing on energy efficiency, exceptional customer service, and eco-friendly practices, we ensure that your projects are not only successful but also sustainable.
