MANILA ROPE PRODUCTS

Durable and flexible ropes crafted from natural fibers.
Perfect for maritime use, heavy-duty tasks, and decorative projects.

Grade 1 Manila Rope

Top-grade manila fibers deliver maximum breaking strength for critical lifting and mooring tasks.

Manila Rope BSS 2052

Certified to BSS2052, this manila rope meets stringent standards for load-bearing and maritime safety.

Pure Manila Rope

100% natural manila strands provide classic grip and rugged performance in harsh environments.

Manilla Rope

Classic manilla rope (alternate spelling), offering the same trusted strength and flexibility for multipurpose tasks.

Manilla Rope

Classic manilla rope (alternate spelling) offering the same trusted strength and flexibility for multipurpose tasks.

Manilla Jute Rope

ManillaJuteRope delivers dependable strength and natural durability – perfect for heavy packaging, crafts, farming and general industrial tasks.

SISAL ROPE PRODUCTS

Strong and eco-friendly ropes made from natural agave fibers. Ideal for construction, agriculture, and various industrial applications.

Sisal Rope

Naturally coarse fiber rope renowned for durability, grip and biodegradability in demanding settings.

JUTE ROPES PRODUCTS

Biodegradable ropes with a soft, natural texture and excellent grip. Great for packaging, gardening, and DIY crafts.

Jute Rope

The classic natural rope – biodegradable, strong and perfect for rustic decor, farming or bundling.

COTTON ROPE PRODUCTS

The rope is crafted from high-quality natural cotton fibers. Cotton is chosen for its softness, making it comfortable to handle, and its flexibility, allowing it to conform to various shapes easily.

Natural Cotton Rope

Soft, flexible cotton rope ideal for crafting, interior design accents and gentle handling tasks.

Cotton Rope

Smooth cotton strands provide comfortable grip and clean aesthetics for DIY décor and general utility.

HESSIAN CLOTH PRODUCTS

Our hessian cloth is trusted for packaging, farming, and creative uses — strong, breathable, and naturally biodegradable.

Hessian Cloth

Coarse-woven jute fabric ideal for protective coverings, rustic décor and sustainable packaging.

FIBRE, YARN & TWINE PRODUCTS

From raw fibres to twisted twine, our range is crafted for durability, versatility, and performance across industries.

Sisal Twine

Natural fiber twine with excellent knot-holding for farming, garden and DIY projects.

Manila Twine

Classic manila fiber twine delivers great abrasion resistance and knot security in wet or dry conditions.

Sisal Fibre

Clean, graded sisal fibers ready for spinning, matting and green composite production.

Sisal Baler Twine

Designed for bales, this twine forms secure knots and decomposes naturally after field use.

Sisal Yarn

Strong sisal yarn suited to weaving, lashing and eco-conscious manufacturing.

Sisal Binder Twine

Classic binder twine that grips well and breaks down harmlessly in soil—perfect for sustainable farming.

Sisal Yarn (For Carpet)

Coarse, resilient sisal strands ideal for carpet warp, backing and rustic textile projects.

Sisal Twine Ball (2.5kg)

Extra-large ball yields continuous twine length, ideal for large-scale farm and warehouse use.

Gardening Twine

Soft on stems yet strong in tension—perfect for securing vines, training branches and bundling produce.

Manila Yarn

Smooth manila yarn perfect for spinning into ropes or crafting rustic décor.

JUTE SECTION PRODUCTS

Our jute section are a favorite for sustainable packaging, DIY crafts, and agricultural applications.

Pre-Lubricated Jute Core Rope

Factory-lubed jute core reduces friction and wear—ideal for wire rope centers, lifting slings and heavy-duty environments.

Jute Rope 3mm & 4mm

Thin yet tough diameters perfect for macramé, gift wrapping, gardening ties and light industrial lashing.

Super Fine Jute Rope

Delicate diameter and smooth finish make this rope perfect for intricate crafts, gift tying and decorative accents.

Jute Core Rope

A solid jute core provides excellent grip and flexibility, making this rope ideal for cable cores and rustic décor.

Jute Baan In 4 Colors

Colorful yet tough, this JuteBaan adds visual appeal while providing the sturdy, sustainable performance jute is known for.

Jute Twine Ball

Convenient ball format dispenses smoothly for gardening ties, gift wrap and household fixes.

Golden Rope

Naturally golden fibers deliver striking aesthetics with the robust performance demanded by farms, factories and creatives alike.

Jute Rope With Marker/Red Yarn

Easily identify loads with the integrated red tracer while enjoying the same rugged, biodegradable jute performance.

Jute Rope Super White

Colorful yet tough, this JuteBaan adds visual appeal while providing the sturdy, sustainable performance jute is known for.

Super Premium Jute Rope

Extra-tight construction and selected fibers give superior tensile strength for demanding industrial and marine tasks.
