Who we are!

Founded on an idea that high level interior design should be accessible to everyone regardless of budget. White sand interiors LLC was founded in 2016 as a Fit out company and is now firmly established as a quality design provider in UAE. Our mission is to create authentic interior design tailored to our client's style, budget and time-frame. And we are specialized in design and execution of all types of commercial and residential segments.

Services

White sand provides design service more than just styling and choosing furniture. We will work with your brief to deliver a space that is both unique and personalized, creating your dream to design that you will adore and enjoy for years to come. We ensure to you have the right fit for your space and requirements encompassing the design and build character of your project. We always offers a diverse range of comprehensive services with competitive solutions related to fit-out contracting works and helps to create an environment for clients that are best suited for their needs and requirements.

PRECONSTRUCTION PLANNING

We can discuss your requirements prior to build and guide you depending on your personal circumstances and budget.

DESIGN

Our interior design demands visualization of scale, proportion and color while having practical research development and analytical skills.

PROJECT MANAGEMENT

White sand Interior managing the projects through all phases, and ensures impeccable, sustainable and timely delivery of our descommitments.

Joinery

White Sand having a well settled Joinery team which specialise in all aspects of carpentry and joinery services ranging from residential to commercial and industrial.

Custom joinery is all about the detail. We can be as involved as you like, covering the entire design process, specifying every component and even arranging quotations for manufacture and installation – or simply providing plans for you to follow up with your preferred joiner.
