Interior Fit Out Works

INTRODUCTION

As skilled interior fit out contractors in the UAE, we are happy to provide our services to Dubai, Abu Dhabi, and the surrounding areas. Our expert team provides unparalleled service, focusing on delivering excellent quality with long-term outcomes. Our complete interior fit-out contracts typically consist of the installation of partitions, ceilings, floors, furniture, and MEP, and are carried out in accordance with internationally recognized ISO systems: ISO 9001:2015, ISO 14001:2015, and ISO 45001:2018. Our staff can handle a wide range of projects of varied sizes and specifications, and we offer affordable pricing and flexible payment plans to secure projects for a variety of budgets. We assign a committed project team to each of our clients, and this team works to finish the interior fit out tasks on schedule, within standards, and within budget.

INTERIOR FIT OUT SERVICES

FIT OUT

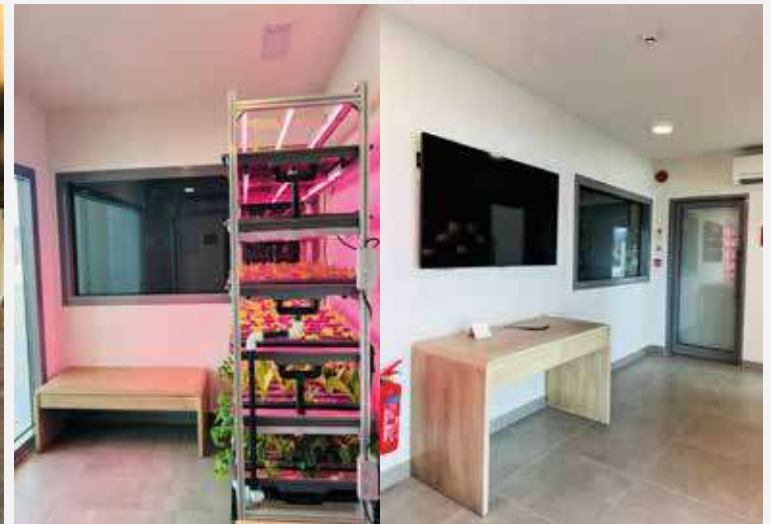

A project delivery system whereby our team works alongside your architect, designer and/or project manager to deliver high-quality interior fit out services. This includes installation of partitions, ceilings, floors and furnishings, and MEP to make the interior fit out ready for occupancy.

DESIGN & BUILD

A project delivery system whereby Wiseman construction provides full design and interior fit out services in-house under one single Turnkey solutions contract. A design and build contract have the potential to reduce overall project risks and costs, and may also result in earlier completion of a project due to one point of contact.
