

Quality, Reliability, Life

Company Profile

Established in 2001, Prakash Pump is a professional manufacturer devoted to manufacturing a wide variety of Water Pumps, In sector of Agriculture, Domestic, Industrial, Sewage and Irrigation Field.

Prakash Pump as a manufacturer continues to expand its activities in the local and international market by innovative ideas, design and advanced engineering methodology, with the help of highly professional engineers, R & D department and profound team. The focus of Prakash Pump is more on its quality which is never compromised; the quality takes place from each and every step from the material, work in process, finished goods and after-sale service which is totally based on continuous improvement strategy.

Prakash Pump comes up at the top with innovation and new strategies in the market, our domestic Pumps are used at homes and villas since years and still on best working positions. Through our continuous improvement strategy, we

have come up with maximum efficiency pumps for irrigation which give maximum output whose characteristics are unique and highly sellable pumps in market.

Our Values

Committed to driving forward with the fast-changing world.

Customer Commitment

We develop relationships that make a positive difference in our customer lives.

Quality

We provide outstanding products and unsurpassed service that, together, deliver premium value to our customers.

Integrity

We uphold the highest standards of integrity in all of our actions.

Teamwork

Work together, across boundaries, to meet the needs of our customers and the company win.

Personal Accountability

We are personally accountable for delivering on our commitments.

Our vision is: "Forging to become the best company offering excellent products and services for water pump manufacturing, sales, marketing, and maintenance."

Our mission is "Setting priority for customer's and a new standard for "

"Quality first, Service top" is our business principles, we always supply products with high quality and excellent service and provide comprehensive pre-sale, sale, after-sale service in technical advice, wearing and spare parts supply, troubleshooting, equipment debugging, etc.

Our Heritage

Every day, we go to work hoping to do two things: share great service with our friends and help make the world a little better. It was true when the first Prakash Showroom opened in 2001, and it's just as true today.

A message from our Managing Director:

We built a team, who continuously innovate and deliver the best to our consumers. We tailor our products to suit local needs and ensure that our products are always in the right place and at the right time.

Our Moto is "Maintain teamwork for a green product, green parking".
